Larger Staff For County Jail Is Urged By State Inspector; 'Lucky' So Far

Adams County "must think of itself as a fifth or fourth class county as far as prison population is concerned," Ellis Martin, state prison inspector, told the Adams County commissioners Wednesday afternoon at their meeting in the court house.

Noting that the local jail has had as high as 51 prisoners at one time, Martin told the commissioners: "I don't know why you have so many, but you do. Other seventh class counties have only a few prisoners. What may be all right in a seventh class county prison with but a handful of prisoners can prove very dangerous in Adams County with its large prison population."

Martin urged the commissioners to add to the staff at the jail in order to prevent future breakouts such as occurred December 6. The state prison inspector held "Sheriff Miller is trying to do a good job, and the county generally is doing a good job in its prison operation, but you have been awfully lucky so far."

Need Extra Man
He particularly urged an additional man between the hours of 1 o'clock and 7 o'clock when only the sheriff is around the prison.

"Sheriffs can't work 24 hours a day. You have a situation where you have maybe 20 or 30 men in jail and the only person in charge is the sheriff and he's asleep in his apartment. Your system of having a trusted prisoner serve as a 'runner' equipped with a bell to call the sheriff has worked well — you've had no trouble at all. But if the prisoners who double crossed you had tried their escape at 2 o'clock in the morning they could have called the sheriff on one pretext or another and you could have had a dead sheriff and an empty prison. As it stands now if a prisoner..."

DARRAH AIDS BGN IN NAMING LAKE POWELL

William C. Darrah, associate professor of biology at Gettysburg College, assisted in drafting a resolution which prompted the federal Board of Geographic Names recently to formally accept the name Lake Powell for an 186-mile reservoir in Utah's Glen Canyon.

The name makes the huge lake a memorial to Major John Wesley Powell, famous river explorer, scientist and a founder of the U.S. Geological Survey. Prof. Darrah, Major Powell's chief biographer, was asked on the basis of his "knowledge of Major Powell's activities and accomplishments" to advance arguments believed "especially valid" for the suggested name.

Utah's congressional delegation, state park commission and newspapers then submitted the resolution to the Bureau of Reclamation, which made a formal recommendation to the Geographic Names Board. Fred A. Seaton, secretary of the interior, made the name official.

The action "honored one of America's great public servants," Darrah said today.

Major Powell led two expeditions down the Green and Colorado Rivers in 1869 and 1871-72, mapping and naming most geographical features in the Glen Canyon region as well as many others over a vast area in Utah and Arizona. These "were the last great explorations through unknown country in the continental United States and established firmly Major Powell's ranking among the most daring and resourceful of American explorers," the resolution declared.

Scout Officials To Meet Tonight

The last meeting for the year of the Black Walnut Boy Scout district commissioners will be held this evening at 8 o'clock at the engine house on E. Middle St. Rex Maddox, district commissioner, will be in charge.

On the agenda will be re-registration of all of the commissioners for 1960 and a discussion of plans for giving "better service to units" next year.

SCHOOL BOARD MEETS JAN. 4 ON VOTE ISSUE

The Gettysburg Joint School board will hold a special meeting Monday evening, January 4, to reach a decision on whether voters in the Gettysburg Joint School district will be asked at the spring primary to vote in favor of changing to a merged school district.

The decision to call a special meeting was reached by 19 Gettysburg Joint District directors Wednesday evening at the high school building here after a joint discussion with directors of the Littlestown and New Oxford jointures.

A merger vote is being discussed in each joint district and indications Wednesday evening were that each joint board is ready to set the legal machinery in motion for merger votes.

Not enough directors were present from the New Oxford and Littlestown jointures for a poll of their opinions but a straw vote among the 19 Gettysburg directors showed 16 in favor and three opposed to calling a special meeting for the purpose of reaching a decision on the merger proposition.

Await Board Actions

Supervising Principals Charles C. Taylor, of New Oxford, and Paul E. King, of Littlestown, said they believe a majority of their directors favor merger votes in those two jointures but said final decision on the matter will have to await board meetings.

Although only 19 of the Gettysburg Jointure's 37 directors were present, each district board was represented.

The three jointures are considering independent merger votes. Because several townships are "split" between the three jointures under the present setup, it was felt that advantages might result if all three held merger votes at the same time. Three mergers could result. There is no plan to combine the three jointures into a single merged district.

If the votes are held at the April primary and if voters approve, the new merger setups would go into operation next July 1, it was explained. Assistant County Superintendent of Schools M. Francis Coulson said the district board was represented.

Eisenhower And President Of Tunisia Cite Gravity Of Rebellion In Algeria; Thousands Travel On Donkeys To See Ike

By JOHN SCALI

WITH EISENHOWER AT SEA (AP)—President Eisenhower received the cheers of thousands of Tunisians today and discussed with President Habib Bourguiba the war in Algeria. He then resumed his voyage to Toulon, France, aboard the U. S. cruiser Des Moines.

White House secretary James C. Hagerty said the two presidents in their Tunis meeting endorsed French President Charles de Gaulle's proposals for ending the Algerian conflict by an offer of self-determination. Hagerty stressed that the two presidents did not seek to settle the conflict, leaving that to the Algerians and French themselves.

A joint communique issued an hour after the President's brief visit said the two leaders agreed failure to achieve a solution in Algeria was of "grave concern." Hailed By Thousands

partment of public welfare and later as the superintendent of public welfare in Stokes County, North Carolina.

Staley Is Assistant

Hagmayer's appointment represents a selection from the field of social service after an extensive survey of the home by the Child Welfare League of America.

Hagmayer is a native of Reading and at present resides in Camp Hill with his wife, Joyce, and three children, Kurt, Lisa and Gwynnolyn.

The Hoffman Home is a benevolent institution of the United Church of Christ. It is sponsored by the Mercersburg Synod, the Potomac Synod, and a part of the Central Pennsylvania Synod. It is supported by voluntary contributions from these churches and through contributions of many friends in the area served.

Carl C. Staley Jr., of Frederick, who is presently serving as the interim superintendent of the home, will be Mr. Hagmayer's assistant.

CPO Bisbing Is Returned To Africa

CPO Raymond H. Bisbing, son of Mr. and Mrs. Raymond Bisbing, Baltimore St., has been returned to Africa where he is recovering from a recent illness.

Chief Peggy Officer Bisbing, on duty with the Navy in Africa for some time, suffered from a gathering of fluid around the heart and was flown by the Armed Forces to a hospital in Germany in October. After more than a month's treatment there he has been returned to Africa and is expected to resume his regular duties in a few weeks.

His address now is Raymond H. Bisbing, PRC USN, VR 24, Navy 214, Box 321, Fleet Post Office, New York, New York.

TWO INJURED IN COLLISION

Two persons were treated at the Warner Hospital Wednesday afternoon as the result of a two-car collision four miles north of Gettysburg on the Harrisburg Rd. at 2:50 p.m.

Robert L. Kelley, San Antonio, Tex., was treated for lacerations of his hands and face; Mrs. Katherine Foster, Syracuse, N.Y., was treated for a laceration of the neck.

According to state police, Kelley, driver of one car, and Edward T. Foster, driver of the second car and husband of Mrs. Foster, were headed north with the Foster car in the lead. Foster slowed down because of some chickens in the road and the Kelley car rammed into the rear of the Foster car.

Damage to the former was estimated at \$1,000, damage to the latter at \$900. Charges in the matter are pending awaiting a full investigation.

MENNONITES AT FAIRFIELD TO GIVE PLAY

The Fairfield Mennonite Church will hold its annual Christmas service Sunday morning and in the evening will present a play, "Healing in His Wings." The Rev. Lamont A. Woelk is the pastor.

The Sunday School hour will be held at 9:30 a.m. and the Christmas service will begin at 10:45 o'clock. The theme will be "What Can I Give Him?"

After the prelude, there will be a Christmas prayer and Sunday School children will sing "The Happy Christmas." The pastor will serve as reader with hymns, responses and presentations by various departments of the church school. There will also be a White Gifts offering. Mrs. J. W. Martin will be the organist and Mrs. Kenneth D. Bream, the pianist.

The play will be presented at 7:30 o'clock. Its scene is laid in a Protestant church in a small American village at Christmas-time. The cast will include Howard Musselman, the Rev. Mr. Woelk, Diane Kleppinger, Lloyd Benner, Mrs. Lloyd Benner, James Benner, Fred Bream, Gary Bechtel, LaNae Woelk, William Wilson and Mrs. William Wilson.

Mary Roth is directing the play and Arthur Roth is technician with David Benner as his assistant. Ushers will be Paul and Mike Warrenfeltz. Mrs. Warren Martin will be the organist.

The second part of the evening program will be a pageant of Mary and Joseph, the shepherds and Wise Men at the manger. The cast will include Ann Musselman, Dale Ritchey, Robert Bream, Ken Warrenfeltz, Richard Boyer, Ray Trembaw, Jay Martin, children of the Primary classes, Steve Sanders, Ben and Frieda Allen, Mr. and Mrs. Carter and Wayne. Cathy Roth will be the soloist and she and Arthur Roth will sing a duet.

STOCKS IRREGULAR

Narrow gains and losses prevailed among most key stocks. Steels, coppers, rubbers and tobaccos showed a string of small losses.

MRS. LAWVER TAKES HER LIFE WITH SHOTGUN

Mrs. Susan E. Lawver, 52, R. 4, wife of Dale F. Lawver, committed suicide this morning at 8 o'clock in the hallway of her new home along the Harrisburg Rd., two miles north of here.

Dr. C. G. Crist, Adams County coroner who investigated with state police, said Mrs. Lawver had placed a combination .22 calibre rifle and .410 shotgun in her mouth and pulled the trigger of the shotgun. Death was instantaneous.

Mr. Lawver had left the home 10 minutes earlier to go to Sue's Diner, operated nearby by the Lawvers, to secure a cup of coffee for his son, Richard. The son then boarded a school bus and his father returned home a short time later to discover his wife's body.

There was no note found, Mrs. Lawver had been in ill health for some time.

She was born in Abbotstown, a daughter of Jacob Walter Kime, R. 4, and the late Mrs. Belle Kime. She was a member of Trinity United Church of Christ, Biglerville, and was a former officer of the Adams County Home Auxiliary. She was a graduate of Gettysburg High School.

In addition to her husband and father, she is survived by a daughter, Mrs. Shirley Norris, Hillcrest Place; two sons, Donald, Damascus, Md., and Richard, at home; one granddaughter; one sister, Mrs. Mildred Wilkinson, Elgin, Ill.

Funeral services from the Peters Funeral Home Saturday at 2 p.m. conducted by her pastor, the Rev. Nevin R. Franz, Arendtsville, and the Rev. Dr. Howard Schley Fox, Gettysburg, Interment in the Biglerville Cemetery.

There will be no viewing.

POPE JOHN TO GET DECREE ON MOTHER SETON

ROME—Members of the Sacred Congregation of Rites, meeting in the presence of Pope John XXIII in the Vatican Palace Throne Room, this week cast their votes formally in approval of the heroic virtue of Mother Seton, the Maryland nun who founded the Daughters of Charity of St. Joseph.

A decree proclaiming Mother Seton "venerable"—another preliminary step in the process of beatification which may establish her as the first native-born saint of the United States in the Catholic Church—will be read before the Pope Friday morning in the Hall of the Consistory.

Private Audience Due
Eight nuns of the order founded by Mother Seton and the vice postulator of her cause, the Rev. John P. McGowan, of Emmitsburg, where Mother Seton established her community, will be present at the reading of the decree. Later the nuns will be presented to the Pope in a private audience.

In the group are Sister Isabella, vicar visatatrice of the Daughters of Charity, of Emmitsburg; Sister Hilda, president of St. Joseph College, Emmitsburg; Sister Catherine, superior of the provincial house of St. Louise; Mother Mary Omer, mother general of the Sisters of Charity of Mother Seton of Cincinnati; Mother Claudia, mother general at Greensburg, Pa.; Mother Mary, mother general of New York; Mother Stella Maria, mother general of Halifax, and Mother Johanna, mother general of New Jersey.

The action by the congregation was a formalization of an earlier approval of Mother Seton's heroic virtue by the congregation last month. Nine cardinals, official prelates and theological consultants of the congregation participated in the ceremony which lasted about an hour.

Senate Kills Billboard Bill

HARRISBURG (AP)—The Senate has defeated a proposal to prohibit billboard advertising along Pennsylvania portions of federal interstate highways.

The House-passed measure was voted down Wednesday, 21-19, short of the 26 votes necessary for Senate passage.

"There has been too much encroachment by the federal government upon the powers of the states," contended Sen. Hugh J. McMenamin, D-Lackawanna.

"Always the bait for the suckers is a little extra money."

The measure, backed by Gov. Lawrence, would ban billboards within 660 feet of interstate roads. It was designed to qualify the state for a federal subsidy.

The subsidy—1/2 of 1 per cent of the federal cost of the interstate roads—has been proposed for states passing effective controls on roadside advertising.

BOY SCOUTS' PARTY HELD ON WEDNESDAY

The annual Boy Scout Christmas party was held at the Gettysburg High School gymnasium Wednesday evening with Charles Lane of Littlestown and Crosby Hartzell of Gettysburg appearing as "Santa's Helpers" assisted by "Elves" David and Becky Riley.

Hartzell and Lane, aided by Donald Carver and Paul Hollinger, led group singing. A special program of carols was presented by the members of Boy Scout Troop 79 led by Scoutmaster Allen Dubbs.

James Trussell was projectionist for comic movies provided by the Adams Electric Cooperative. Field Scout Executive Stanley C. Rogers introduced den mothers, Scoutmasters, commissioners, and other leaders present. Special recognition was given Dr. W. E. Tilberg "for his long and outstanding service to Boy Scouting." Dr. Tilberg was the first president of the York-Adams Boy Scout area.

Held "Scramble"

Dr. Tilberg conducted the annual "peanut scramble," one held for the Cub Scouts and the other for the Boy Scouts.

Special guests were boys from Hoffman Orphanage and a case of oranges and boxes of candy canes were sent the orphanage for the other children there.

The 1960 Golden Jubilee awards which can be won next year were displayed by Rogers.

The Christmas program was arranged by Dr. Joseph H. Riley, Melvin Worley, Ralph Bream and Dr. Frederick Tilberg of the Health and Safety committee of the Black Walnut Boy Scout District assisted by the camping and activities committee under direction of Paul Hollinger, Paul Evans and Crosby Hartzell. Troop and Post 78 decorated the Christmas tree.

CONDITION "SERIOUS"

The condition of Mrs. Anna Yingling, 81, 119 E. Middle St., struck Wednesday by an auto backing out of a driveway onto S. Stratton St., was reported at the Warner Hospital this afternoon as "serious." She suffered fractures of the wrist, back and leg, lacerations of the scalp and shock when struck by the car.

Commissioners, Borough Officials Launch Plans; Committee Heads Chosen

The general committee for the "welcome home" program for President Eisenhower will meet at the Hotel Gettysburg at 8 o'clock Monday evening to formulate further plans.

The membership of the committee includes Judge W. C. Sheely, honorary chairman, Henry M. Scharf and General Willard S. Paul, co-chairmen; Commissioners Scott, Bushey and Kane; Burgess Plank, Council President Glenn Guise; clerk to the commissioners Crosby Hartzell and Paul L. Roy.

The Adams County commissioners, the burgess of Gettysburg and the president of the Gettysburg borough council Wednesday afternoon called upon Gettysburg and Adams County to join in a "neighborly welcome home" for President Eisenhower and his son and daughter-in-law, Major and Mrs. John Eisenhower, from the President's "Mission of Peace" to eleven countries.

The county and borough officials at a luncheon at the Hotel Gettysburg Wednesday were unanimous in their opinion that Gettysburg, the Eisenhower's permanent residence, and Adams County should welcome the President home from the most momentous and world-significant peace mission ever undertaken by any individual in the history of the world. The 22,300-mile tour was geared to a stupendous effort for a peaceful world. The response and ovation the President received wherever he stopped emphasized the importance of his mission his popularity as the most popular and influential leader for peace in the world.

Sheely, Honorary Chairman

The President and his party are expected to arrive in Washington next Tuesday night or Wednesday morning. He is expected to visit his farm here sometime between Christmas and New Year's.

The five county and borough officials directed that a town and county-wide welcome home program be arranged for whenever the President comes here and named a committee to further its plans.

Judge W. C. Sheely was named honorary chairman.

Henry M. Scharf, president and manager of the Hotel Gettysburg, and General Willard S. Paul, president of Gettysburg College, were named co-chairmen of the general committee. The membership of that group will include the three commissioners, E. Donald Scott, J. Blaine Bushey and George E. Kane; Burgess Wilbur Plank, Glenn Guise, president of the town council; Crosby Hartzell, clerk to the commissioners, and Paul L. Roy, editor of the Gettysburg Times.

Also named to the committee are the following burgesses and presidents of the town councils of the county towns:

Abbotstown: Harry R. Crawford, burgess, and Gilbert Ziegler, council president.

Arendtsville: Herbert Cluck, burgess, and Paul Burgoon, president.

Bendersville: Atty. Leighton C. Taylor, burgess; James F. Wright, president.

Biglerville: John E. Thomas, burgess; R. Dale Guise, president.

East Berlin: John Philip, burgess; Charles Wallace, president.

Fairfield: Kenneth Sanders, burgess; Thomas Newman, president.

Littlestown: Elmer G. Miller, burgess; Donald L. Beford, president.

McSherrystown: Joseph J. Staub, burgess; George Neiderer, president.

New Oxford: Guy A. Staub, burgess; R. W. Wolfe, president.

York Springs: Mark Hinkle, burgess; Fred Stough, president.

GARAGE DOOR SMOTHERS BOY WHILE AT PLAY

John Patrick Horner, four-year-old son of Mr. and Mrs. William H. Horner, N. Main St., Bendersville, suffocated to death Wednesday afternoon when a barn door fell upon him while at play at his house.

Dr. C. G. Crist, county coroner, attributing the death to suffocation, said it occurred within five minutes after the heavy door toppled on the child. He set 3:35 o'clock Wednesday afternoon as the time of death.

The youngster had been playing about the home with his mother checking on his activities about every 15 minutes. When she called and received no response from the boy she went in search. Reaching the barn she found that the door had in some unexplained manner come loose from the track on which it normally hung and had fallen to the ground. The child was found under the door and rushed to the Warner Hospital here but was pronounced dead on arrival.

Surviving are the parents, William Henry and Helen (McLaughlin) Horner; a brother, William H. Horner, aged six; a grandmother, Mrs. Harrison F. Snyder, Littlestown, and a grandfather, Lloyd F. McLaughlin, Akron, O.

Private funeral services Friday afternoon at 3:15 o'clock from the Bender Funeral Home with the Rev. Dr. Paul L. Reaser officiating. Interment in Evergreen Cemetery. The family has asked that flowers be omitted. There will be no viewing.

LOCAL STORE WINS AWARD

A Gettysburg store has won a \$250 first place prize in a nationwide contest sponsored by the Saturday Evening Post.

John Hemmingsway, manager of the Sheaffer Brothers, Inc., store on Chambersburg St., Wednesday received notice from the Willard Battery Co., of Cleveland that his window display of the new Willard Battery has been chosen by the Post as the outstanding entry among jobbers throughout the nation.

The window emphasizes a birth theme for a new "lifetime" battery put out in October by the company.

The new battery is placed in a child's bassinet, covered with a blanket, and alongside the bassinet is a "birth announcement card," giving the name of the "new arrival," and listing as

Police Seek Ambush Slayers Of "Terrible" Roger Touhy

CHICAGO (AP)—Police pressed their search today for the shotgun slayers of Roger Touhy, the notorious prohibition era gang leader, who was slain from ambush Wednesday night.

Police said they had no leads in connection with the slaying of the 61-year-old Touhy who was cut down by six shotgun blasts by two assailants.

His violent death came a few weeks after his parole from Stateville Prison where he had served nearly 26 years for a kidnapping he said he did not commit.

Seriously wounded in the shooting was Touhy's companion, a retired police sergeant. He said he believed he wounded one of the gunmen before he collapsed.

Died In Hospital

He died on the operating table in St. Anne's Hospital after telling police he did not know the assassins.

Touhy, known as "The Terrible" during his gangland reign in the 1920s, was shot as he was about

to enter the home of his sister, Ethel Alesia at 125 N. Lotus St. in the Austin district.

With him was Walter Miller, 62, a retired police sergeant and a principal defense witness at Touhy's trial for the kidnapping of John (Jake the Barber) Factor, a onetime confidence man. Miller was seriously wounded in the back and arms. His condition was reported critical at Loretto Hospital. Miller fired several shots at the slayers before he collapsed.

Factor Questioned

Factor, who lives in Beverly Hills, Calif., was in Chicago in connection with a libel suit against Touhy. Told that Touhy had been killed, he told a reporter: "I am very broken up about it. I hope they get the killer."

Factor said he was in a near North Side restaurant when he learned of the shooting.

Police questioned Factor at a Loop hotel where he had registered earlier this week. A de-

Will Test Fire Sirens Saturdays

Twenty-three fire company sirens will be sounded as a test every Saturday noon beginning this week, it was announced today by Raymond Menges, chairman of the Adams County Quick-Call Service.

"The sirens will be tested Saturday noons instead of Monday noons," Menges said. "The sirens will be sounded from the local station in the engine house and will be sounded simultaneously," he added.

Fourteen men started to receive instructions in the quick-call service at a class conducted Wednesday night in the engine house. These men have volunteered for service to staff the station on a round-the-clock plan.

Instructions will continue tonight and Friday evening from 7 until 9 o'clock.

MISSILE DROPS WARHEAD ON AN OCEAN TARGET

CAPE CANAVERAL, Fla. (AP)—A Jupiter missile dropped a dummy warhead on an ocean target and a Snark flew a 2,000-mile round trip mission in successful launchings here Wednesday.

A test model of the Army's Nike-Zeus missile was fired at the White Sands range in New Mexico, but the second stage failed. It was the third test of the huge weapon, which is intended to be armed with a nuclear warhead and to intercept and destroy missiles aimed at the United States.

The Jupiter, which soon will be deployed with NATO troops in Italy and Turkey, has been tested over various distances to prove its versatility.

The Snark traveled about 1,000 miles to the vicinity of Puerto Rico, then turned around and came back for a smooth landing at the cape. The 4½-hour flight was guided all the way from a ground station here.

The purpose of the Snark flights is to recover an instrumentation package in the missile and to retrieve the rocket for future launchings as a money-saving factor.

TEMME PLACED ON FIRST MAC GRID OUTFIT

Frank Temme, Gettysburg College guard, has been named to the first team of the Middle Atlantic Conference university division in selections made by coaches of the division teams.

Three additional Bullies were chosen for second team honors, Harry Richter, end; Tom O'Malley, center, and Richie Lucas, back.

The first team follows:

Ends — Simms, Rutgers, and Eachus, Bucknell; tackles, Brady, Bucknell, and Meincke, Lehigh; guards, Dombrowski, Delaware, and Temme, Gettysburg; center, Hurn, Delaware; quarterback, Terhes, Bucknell; halfbacks, Bartos, Lafayette, and Turner, Delaware; fullback, Nikles, Lafayette, yette.

Walter Meincke, Lehigh tackle, was voted as the outstanding player in the university division.

Florida Suspend 11 Prison Guards

RAIFORD, Fla. (AP)—The state has suspended 11 state prison guards indicted on charges of abusing prisoners.

Twelve guards and two former guard officers were indicted by a federal grand jury at Jacksonville Tuesday on charges they violated the civil rights of 20 prisoners who had created disturbances in the maximum security building in May last year.

One guard had resigned. The officers, Capt. James H. Dunn and Lt. Earl Chesser, had been discharged after a legislative and Cabinet investigation.

The indictments charged the 14 handcuffed prisoners to cell doors from a day to a week or more, sometimes nude and without food, and dousing them with water hoses.

Eisenhower

to race across the field to extend his welcome.

Greeting Surprises Ike

His plain-spoken words at the outset may have surprised Eisenhower a little.

"Your visit," the Tunisian President said, "will bring high hope and promise to the peoples of Africa fighting a decisive battle for human dignity, a battle both to liquidate the last outposts of a stubborn colonialism and to rescue themselves from backwardness and privations."

The communique on colonialism in Africa was far more diplomatic, saying only that the two leaders welcomed "the opportunity offered for the new relationships and improvement of old ones based on a common attachment to fundamental principles of human rights and dignity."

Favors More Aid

As he has done with leaders of seven other countries visited, Eisenhower discussed with Bourguiba his hope that wealthier and more industrialized countries will channel more economic aid to underdeveloped regions.

The joint communique said the two leaders agreed on the necessity of continuing the progress in strengthening peace and reducing international tension.

Algeria however apparently took first place in the talks.

Eisenhower's daughter-in-law Barbara meanwhile was driven to the scenic village of Sidi Bousaid for breakfast with Mrs. Radhia Haddad, leader of the National Union of Tunisian Women and the only women deputy in the 90-member Tunisian National Assembly.

SCHOOL BOARD

(Continued From Page 1)

tricts represented at Wednesday's meeting would gain \$40,000 to \$50,000 in state appropriation in the next year through the change.

"Next Logical Step"

A merged or union district was described as the next logical step after a "jointure" in a talk to the more than 40 school directors Wednesday evening by Dr. Don Thompson, supervising principal of the union Northwestern school district at Albion, Pa.

He was introduced to the county schoolmen as "the expert on school mergers in Pennsylvania" by Dr. Herbert Bryan, New Oxford, school business bureau chief in the state Department of Public Instruction at Harrisburg.

Dr. Thompson reviewed the background of school mergers in the state and said 147 merged or union districts already have been formed. "Folks that believe in better education and those who are concerned about school taxation will vote for a merger," he said. "The same educational benefits are available in a merger for less local taxes," he added.

One System, One Board

He described the mechanics of forming mergers and said a merger's board includes one director from each former school board district and one or two directors-at-large. He said debts and assets of all districts going into the merger would be inherited by the new merger and there would be a uniform tax rate.

"The sound thinking on representation under a merger is that there's one school system and one school board instead of one school system and five or six or seven school boards. There were opponents when the first merger vote came in my home district but last spring the same people voted to unite two union districts where there was no financial benefit at all."

He said there is no more state control of local school affairs under a merger than under a jointure. He also said no raising of educational standards could be expected to attend a switch to a merger. In some instances mergers have brought better or worse or the same educational standards, he said. There are some savings in the general control and in transportation consolidation, but the chief financial benefits come from increased state appropriation, he said.

"Less Headaches, Commotion"

During a question period after his talk, Dr. Thompson described means used in Erie County to educate the public about the advantages of a merger before the election. He emphasized that backing of the school boards is essential.

He concluded by saying a merger offers a way to "get a good educational job with less headaches, less commotion and a little more money from the state."

Taking part in Wednesday's discussions were County Superintendent C. P. Keefer and Gettysburg Superintendent H. Edgar Riegle. Some of the questions were answered by Dr. Bryan in the discussion period.

Must Act Soon

It was pointed out that board action here must be prompt to be ready for a decision at the spring primary. The petition has to be presented to the court by the county board at least 90 days before the primary. Mr. Keefer indicated a special meeting of the county board could be called to handle the matter if necessary. He and Mr. Coulson also indicated they believe the county board will follow the wishes of the districts involved in the merger proposals.

If the merger votes were not held until the general election in the fall of 1960, they could not go into operation—if approved—until July, 1961.

Several speakers noted Wednesday evening that, if a referendum vote is held, districts that favor a merger would form a merger within each of the present joint districts, while those who vote against it would continue as a member of a joint district with proportionate board representation.

In addition to directors of the three jointures, there were two directors present from Conewago Twp. which would vote on the merger proposal if the Littlestown jointure decides on that course. Conewago is not a member of that jointure but is assigned to Littlestown under the over-all county long-range plan for public schools.

Some Development Plans Approved

A statement appearing in the report of the township supervisors convention Wednesday stating that "none could find on file approval (for a development) by a township board of supervisors" pertained to those supervisors searching the register and recorder's office records immediately after the convention.

The files at the court house show developments in Straban, Cumberland, Highland and other areas that have attached full approval by their boards of supervisors.

oner becomes ill between 1 and 7 a.m. you have the sheriff in the cell block alone and at the mercy of the runner.

Sheriff Miller praised turnkeys William E. "Johnny" Knox and Fred Swisher, holding that they "are more than conscientious."

Sheriff Agrees

Miller joined Martin in urging more aides for the jail, agreeing with Martin that there should be two men on duty at all times at the jail so that one could enter the cell block when needed while the other locked the door behind the one entering and stood guard until his safe return from the prisoners' area.

Martin said the sheriff and deputy could scarcely be the second man at the jail at all times because their duties require them to be away frequently.

Can't Count On Prisoners

Martin was asked why the other prisoners did not give a warning to Knox when he entered the cell block December 7. The other prisoners "obviously" must have seen the man on the catwalk ready to spring on the turnkey, one of the commissioners said. The prison inspector said his experience is that "the other prisoners can be frightened by two or three hardened crooks. They have to live with them in the same jail and they are afraid of what they can do. You can't expect the prisoners to speak out against other prisoners."

Martin told the commissioners: "You need more help to prevent suicide, escape and riot." The prison inspector also said, "I can't understand why your jail has such a large prisoner population. Perry County generally has no prisoners, Tioga County about four, Monroe County three prisoners. Huntington generally has 12 or 14, never more than 30. El County had one prisoner my last visit there."

tective was ordered to stay with Factor during the night. Coroner Walter McCarron said Factor would be summoned to an inquest later today.

Factor had sued Touhy and others for three million dollars in connection with publication of Touhy's biography, "The Stolen Years." He contended statements in the book libeled him.

Give Description

In an ambulance on the way to the hospital, Touhy told police, "I'll be all right. I'm O.K." However, he had lost much blood from a gaping wound in the left leg above the knee. Other pellets from the shotguns wounded him in the right leg below the knee.

The shooting occurred shortly after 10 p.m. and Touhy died at 11:20 p.m. as chief of detectives John Ascher stood by to question him.

Miller told police that one of the killers was tall and the second was short. He said as he and Touhy walked up the front steps of the home where Touhy had been living since his parole, two men appeared. Miller said he showed them his retired police sergeant's star and said, "We're police officers."

Saw Third Man

The blast of shotguns followed. Touhy slumped forward on the porch. The wounded Miller, before firing at the fleeing gunman, fell on top of him.

Mrs. Alesia and her husband, Henry, rushed to the porch but said they did not see the slayers.

Miller told police a third man possibly was with the gunman, and probably was near their car in a nearby parking lot in the quiet residential district.

Touhy and Miller were returning home after visiting with Ray Brennan, a Sun-Times Reporter and a co-author with Touhy of the convict's autobiography, at the Chicago Press Club in the Loop.

Blamed Factor

Touhy was sentenced to 99 years in prison for the 1933 kidnapping of Factor. He also was given a 199-year sentence for his escape from Stateville with several other prisoners in 1942. He was recaptured about three months later.

Touhy contended throughout his long years of imprisonment that the kidnapping was a hoax perpetrated by Factor.

When he was paroled last Nov. 24, he was greeted by his sister and his wife, Clara. His two sons, Roger Jr., 34, and Tom, 32, were not present.

Xmas Weather To Be Below Normal

WASHINGTON (AP) — Temperatures will average below normal for the season over most of the western half of the nation during the next 30 days, the Weather Bureau said Wednesday.

The exceptions will be in the Northern Plains and along the California coast where temperatures are expected to be above normal. The bureau's 30-day outlook added:

"Over the eastern third of the nation above normal temperatures are indicated except for

XMAS PROGRAMS ARE SCHEDULED

The churches of the York Springs Lutheran Parish, Rev. Norman L. Bortner, pastor, will present Christmas programs in their respective churches as follows:

Lower Bermudian will present a Christmas program Sunday morning at 9 o'clock. It will be a combination service of the church and Sunday School composed of a sermon by the pastor, recitations, exercises and songs by the children.

Chestnut Grove will present a program Sunday evening at 7:30 o'clock by the choir and congregation entitled "Christmas Memories."

York Springs will present a Christmas Eve program at 7:30 o'clock. The Christmas story will be presented by reading of the familiar Christmas passages and by song. The Junior and Senior Chorus will participate in the program which will take place in a candlelight atmosphere.

The following men have recently been elected to the councils of the York Springs Lutheran Parish for two-year terms: York Springs, Wayne Warren, Harrison Fair, Ralph Kennedy and Donald Lehman; Chestnut Grove, Harold Wolf, Eugene Reynolds and Eugene Smith; Lower Bermudian, Fred Ebersole, Richard Knapp, Robert Lusk and Charles Trimmer, the latter to a one-year term.

WASHINGTON (AP) — Max Conrad, veteran of 68 solo flights across the Atlantic and three across the Pacific, received a gold plated trophy Wednesday night for setting two world distance records for light planes.

The award was presented by James R. Kerr of Stratford, Conn. president of the Locomotive Division of Avco Corp.

Conrad said he plans another solo flight in a Piper Comanche to Vasa, Finland, next week, and will spend Christmas with two daughters in Europe.

Conrad said that in January he hopes to try to recapture for the United States a whole series of light plane world records now held by foreign airplanes.

MOTHER WHO PLOTTED DEATH FREE ON BAIL

PHILADELPHIA (AP) — A 38-year-old mother of three children arrested in an alleged plot to have her estranged husband killed was freed on bail Wednesday pending grand jury action.

Mrs. Harriet Miller, charged with solicitation to commit murder, was freed on \$1,000 bond after her attorney told the magistrate "This is a psychiatric problem."

Three others involved in the murder plot were released on bonds ranging from \$500 to \$1,000. Police Captain David Brown said officers were told of the plans by Jim Broiler, who was to have taken part in the murder. Broiler was charged with being a material witness.

Given Down Payment

Police said Mrs. Miller gave John Brooks, 32, \$2,000 as a down payment to get rid of her husband, Samuel, operator of food and meat concession in a farmers market.

Miss Lottie J. Williams is accused of being an intermediary in the conspiracy.

Brooks and Miss Williams are Negroes.

Mrs. Miller, under questioning by her attorney, said she had difficulties with her husband for a year. She had tried to commit suicide several years ago and was treated by a psychiatrist.

RAISE ALUMINUM PRICE

NEW YORK (AP) — A 1.3 cents a pound increase in the domestic price of pig aluminum by Aluminum Co. of America went into effect today. The quotation now is 26 cents a pound.

The increase, announced Wednesday, came only 24 hours after Canadian producer Aluminum Ltd. hiked its prices in markets outside the United States 3 1/4 cents a pound to 23 1/4 cents a pound.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY YEARS AGO
Past Grands Hold 100th Meet; Elect E. W. Wright: The lodge room of the Independent Order of Odd Fellows at York Springs was the scene of the December meeting of the Past Grands' association of that order and the anniversary celebration of its organization.

At the stated meeting of Gettys Lodge No. 124, Gettysburg, in December 1929, the Past Grands' association was instituted. Approximately forty members of the order from the five lodges of the county signed up for membership, arranged a tentative program.

From this nucleus of forty has grown an organization which has now numbering more than four hundred. It has functioned for a decade.

Meeting each month with the exception of July and August of each year, the meeting on Thursday evening marked the one hundredth get-together of the body.

New officers elected to serve the association for 1940 are: President, Edward W. Wright, York Springs; vice presidents, Clinton D. Bream, Bendersville; J. Warren Martin, Fairfield; George N. Coshun, Gettysburg; Paul O. Hawk, Littlestown; and John D. Stallsmith, York Springs; honorary vice president of the Rebekah degree, Mrs. Clara Hardman, York Springs; secretary, E. R. Sentz, Littlestown, for his tenth consecutive year, and treasurer, O. A. Lupp, Gettysburg.

Masons Elect R. J. Kitzmiller: Adams County Treasurer Ray J. Kitzmiller was chosen worshipful master of Good Samaritan lodge No. 336, of the Free and Accepted Order of Masons at the annual election conducted Thursday evening. He succeeds Edgar A. Moser who was named as the lodge's representative to the grand lodge.

The other officers named Thursday follow: Senior warden, Guyon E. Buehler; junior warden, George T. Raffensperger; treasurer, Charles W. Myers; secretary, W. Preston Hull, and trustees, Lloyd C. Keefeauver, Arthur E. Hutchison and Raymond R. Topper, Esq.

Burned By Lye While Making Soap: Miss Flora Hull, Fairfield R. D. was rushed to Johns Hopkins hospital, Baltimore, Thursday evening after she had been severely burned by lye about the eyes, threatening the loss of her sight.

The accident is reported to have occurred when a piece of soap fell into a pot of lye, splashing the contents on Miss Hull. She was preparing soap at the time.

Miss Hull was treated by a Gettysburg physician who ordered her immediate removal to the hospital.

Firemen Elect J. B. Aumen Head And Son Chief: President James B. Aumen was re-elected to head the Gettysburg fire company during 1940 and his son, James A. Aumen, was named fire chief for another year at the annual organization meeting of the company Wednesday evening at the engine house.

The other newly elected officers are: Vice President, Wilbur K. Stallsmith; recording secretary, S. Richard Eisenhart; financial secretary, George D. March; treasurer, Joseph E. Codori; first assistant chief, Paul A. Oyer; second assistant, Ralph Fiske; chaplain, Kenneth Tawney, and representative to the Southeastern Pennsylvania Firemen's association, Horace Bushman.

Club Re-elects Mary Ramer: Miss Mary Ramer was re-elected president of the Soroptimist club of Gettysburg at the organization's December business meeting held Tuesday at the home of Mrs. Bess Hennig, York Street. The other officers named on Tuesday evening follow: First vice president, Mrs. Ellen Tipton Buehler; second vice presi-

Today's Talk

THE LAST HALF HOUR

The most important period of all your day is its last half hour. That silent time when the eyes begin to cloud, when the car must be put outdoors and the alarm clock must be wound.

For life is a business and a day is significant.

Each one of your days is like unto a certain number in the one great column that makes up your life. Every figure must be added—sometimes.

Did you ever stop to consider how great is each figure that you add daily to the great column that is to represent the sum total of what you are to be at the very end?

Your day's last half hour! What a time to think things over! To take inventory. To review. To resolve anew. To determine—and to WILL.

And what a time to dismiss all the little ripples of worry and discontent. To bury every bitter thought and to resurrect every fine deed done and every useful effort attempted or accomplished.

Start tonight to make a chain of your last half hours. As the years roll on, a new and strange power is sure to make itself felt within you. A sort of reserve strength—an anchor, maybe, that shall keep you from drifting as some unexpected storm sweeps its way toward your frail craft.

Also, if you wisely use your last half hours, like as not you may soundly sleep as the storm vents its rage and passes on.

Tomorrow Mr. Adams will talk on the subject: "The Love of Freedom and Beauty"

Just Folks

LITTLE MISS WINDOW WISHER

I passed along the crowded street
Where shoppers hurried to
and fro,
And then with worn and weary feet

I saw Miss Window Wisher go
Up to a store with lights ablaze,
With all the people tramping
by,
Upon a doll she fixed her gaze,
And then I heard her sigh.

I watched this ill-clad little miss,
Not more than five she seemed
to be,
Envy that and wanting this,
Yet glad perhaps that she
might see
The pretty things she could not
know,
And yet not understanding
why.

Oh, there were toys she wanted
so!
And then I heard her sigh.

Ah, were I Santa Claus today,
I'd seek Miss Window Wisher
out,
And I would scatter from her
way
The clouds of gloom and grief
and doubt.

I'd treat her to a glad surprise,
Nor would I do the job by half;
I'd set a twinkle in her eyes,
And then I'd hear her laugh.

7 RED HATS GIVEN TO NEW CARDINALS

By FRANK BRUTTO

VATICAN CITY (AP)—Pope John XXIII today conferred the red hats of their rank on seven new cardinals in the second pre-Christmas consistory of his reign.

Two Americans were among the seven, Albert Gregory Cardinal Meyer, archbishop of Chicago, and Alois Cardinal Muench, until now bishop of Fargo, N. C., and apostolic nuncio to Germany.

An eighth new prince of the church, Paolo Cardinal Marella, is in Paris as apostolic nuncio to France. He will receive his red hat—the broad-brimmed galero—upon his return to the Vatican in a few days.

Witnessed By Throng

A hushed throng of thousands watched in St. Peter's Basilica as the new cardinals one by one climbed the red-carpeted steps to the Pope's throne and greeted him. For each the Pontiff had a brief personal word and a smile.

As each in turn knelt, two assistants held a symbolic red hat over his head and Pope John repeated in Latin: "For the praise of Almighty God and the honor of the Holy Apostolic See receive the red hat, the special badge of a cardinal's rank. By this you are to understand that you must show yourself fearless, even to the shedding of your blood, in making our holy faith respected, in securing peace for the Christian people, and in promoting the welfare of the Roman Church. In the name of the Father and of the Son and of the Holy Ghost. Amen."

Cardinal Muench was the first of the new American princes to kneel before the pope. Cardinal Meyer, at 56 the youngest member of the college, followed him a minute later. Both the American cardinals are natives of Milwaukee.

Preceding the conferring of the Galeros, the Pope heard orations pleading for the beatification—possibly a step to sainthood—of two Italians and a French-Canadian, Francois Laval de Montmorency, first bishop of Quebec who established the Roman Catholic hierarchy in Canada in the 17th century.

After bestowal of the galeros, the new cardinals, preceded by a papal choir singing a "Te Deum" (hymn of thanks), went to the basilica's chapel of St. Petronilla. There they prostrated themselves, their heads covered by their capes. They remained in that position until the hymn was finished.

Eugene Cardinal Tisserant, the French-born dean of the college of cardinals, then recited a prayer calling for spiritual aid for the new cardinals.

Public Highlight
A second brief consistory—the fourth and last of the series in connection with the creation of the new cardinals—followed in the Vatican Palace's Consistorial Hall.

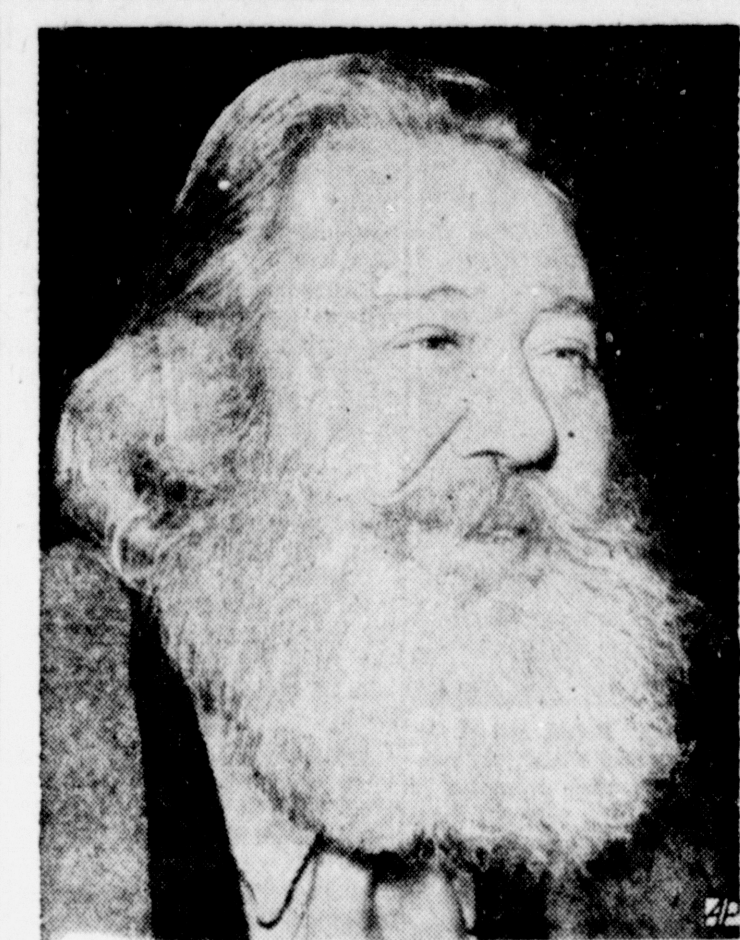

Today's ceremony was the public highlight in a crowded week for the new cardinals.

It is the second time Pope John has chosen the Christmas season to enlarge the college of cardinals. Last Dec. 15, only six weeks after his coronation, he created 23 new cardinals and increased the college to a membership of 74, its largest in the history of the church. This week he increased it to 79.

Biggest Archdiocese
All the new princes of the church except Cardinal Meyer are expected to be assigned to the Vatican Curia here, the church's top administrative body.

PAY BOOSTS ARE SHELVED

HARRISBURG (AP)—Salary increases for mine electrical inspectors and first aid instructors have been shelved by the Legislature.

The raises were recalled Wednesday from Gov. Lawrence after having won legislative approval. Rep. Stephen McCann, House Democratic floor leader, said they were dead.

Lawrence last week vetoed a \$1,100 increase for mine inspectors. McCann said the administration felt that to approve the other boosts after rejecting the regular inspectors' would throw the Mines Department salary structure out of line.

The increases would have given electrical inspectors a raise to \$8,000. They now receive \$7,184 annually. Mine first aid and rescue instructors' yearly pay would have been raised to \$5,950 from \$5,338. Regular inspectors receive \$8,300 a year.

LAWTON, Okla. (AP)—The typewriter, not the rocking chair, has claimed Jason Betzing.

Betzing, a 99-year old Apache Indian, turned author recently. His first book, "I Fought with Geronimo," has just been published.

Betzing, who lives on a farm near here, was a cousin of the famed Indian warrior and accompanied him on raids into Mexican territory.

Cardinal Meyer, as archbishop of Chicago, directs the Roman Catholic church's biggest archdiocese in the United States.

Cardinal Muench will be the first cardinal from the United States to serve in the curia. The late Samuel Cardinal Stritch, archbishop of Chicago, was called to serve in the curia last year.

But he became ill en route and died in Rome soon after his arrival, before he could become a member of the curia.

ABBOTTSTOWN—The Lions Club Christmas party will be held Sunday, December 20, in the back room of the fire company building at 2 o'clock. All children in the community are invited to attend.

Pat Carroll, a student at Katherine Gibb's Finishing School, N. Y., will spend the Christmas vacation at the home of her parents.

Her brother, Joseph, a student at King's College, Wilkes-Barre, will also be home.

Mrs. James Polhemus has been discharged from the Warner Hospital, Gettysburg.

Mr. and Mrs. Ralph Freed, York, visited at the home of Mrs. Freed's mother, Mrs. Lillian Stambaugh recently.

A "white gift service" will be held in St. John's Lutheran Church Sunday at 10:30 o'clock. The money presented by the various organizations will go toward the renovation project now being completed. Just prior to this service, the congregation will elect councilmen.

At 7 p.m. Sunday, December 27, the children will present their annual Christmas program in the adult church school room. There will be recitations, dialogues and group singing. The Luther League will sing carols at the homes of the sick and shut-ins after the program. They will conclude the evening at the home of Janet and Robert Pagel. The league will also collect scrap paper Saturday afternoon, January 2.

On Christmas Eve at 10 o'clock, the Luther League will combine with the senior choir in presenting a Nativity pageant, concluding with the candlelight service.

There will be no catechetical class Saturday, December 19. The next class will be Saturday, December 26, at 1 p.m. Services of Holy Communion will be held Sunday, January 3, at 8 and 10:30 a.m. and at 2:30 p.m. New members will be received at the 10:30 services. Children will be baptized at 2 p.m.

DEBATE IOWA VOTE RESULT INDICATIONS

By JACK BELL

WASHINGTON (AP)—Democrats left little doubt today they will continue to make Secretary of Agriculture Ezra Taft Benson a political target despite their loss of an Iowa House seat.

Sen. Mike Mansfield (D-Mont) disputed the contention of GOP National Chairman Thruston B. Morton that the results in an Iowa corn-hog area showed farmers don't blame Benson solely for low prices and other agricultural ills. Mansfield is assistant Senate Democratic leader.

"Both candidates in the House contest said they were opposed to Benson's farm program so that hardly could have been the deciding issue," Mansfield said.

Instead, he conceded that a Republican upswing is on from the low mark the GOP reached when the Democrats won landslide victories in Senate and House races in 1958.

Morton and Vice President Richard M. Nixon saw the beginning of a GOP comeback in the election of Republican John Kyl over Democrat C. Edwin Gilmore in Iowa's fourth district special election.

Nixon called it "dramatic evidence" of a GOP upturn that should encourage the recruiting of strong party candidates and give incumbents in marginal districts a shot in the arm.

New GOP Hopes

Morton told a news conference Wednesday his own observations on a nation-wide tour, plus the Iowa results, have given him new hope that Republicans will hold their lines in midwestern senatorial contests and perhaps knock off some Democrats.

He said this optimism is based primarily on the belief that there is widespread voter support for "President Eisenhower's dynamic leadership in the field of foreign affairs" and on the belief that Republicans "are better qualified to expand the economy."

ONE SIAMESE TWIN IS HOME

PARMA, Idaho (AP)—Tiny Denny Linn Stubblefield, one of Idaho's Siamese twins, was getting acquainted with the family and home today.

Her parents, Mr. and Mrs. James Stubblefield, brought Denny to their farm home near here Wednesday from Portland, Ore. Her sister, Jeannett Kim, remained behind at the University of Oregon Medical School Hospital.

Doctors had to insert a tube in Jeannett's throat to assist her breathing after the delicate operation that separated the twins Oct. 8.

When they were born June 29 at Nyssa, Ore., the twins were joined at the abdomen and shared a common liver. They were flown to Portland for surgery the next day.

They will be received at the 10:30 services. Children will be baptized at 2 p.m.

YORK SPRINGS—The choir of the Chestnut Grove Church will present a musical program, "Memories of Christmas," Sunday evening, December 20, at 7:30 p.m.

The Mademoiselle Club will have the library open Friday evening but will be closed Christmas and New Year's and opened again Friday, January 8.

The York Springs Boy Scouts will conduct a magazine and paper drive Saturday from 9 a.m. to 3 p.m. If possible please have the papers tied in bundles. If you will not be home put it on your front porch. Anyone living in rural area may bring bundles of paper to Coulson's Garage for the Scouts to pick up.

Mrs. C. F. Brinkerhoff is recuperating satisfactorily in the Harrisburg Polyclinic Hospital following an operation.

A special service to commemorate the 175th anniversary of the founding of Methodism in America will be held in the First Church of York Sunday, December 27, at 7 p.m. A combined choir of 150 voices will present special music. An old-fashioned Wesleyan hymn singing will be a part of the program.

The York Springs Lions Club is sponsoring a skating party at the Mary Jane Rink Tuesday evening, December 29. All proceeds will go to the Bermudian Springs band uniform fund.

The Crusaders Class will sponsor a skating party at the Mary Jane Rink Friday evening, January 1.

The students of Miss Janet Bittinger presented a piano recital in the York Springs Methodist Church Wednesday evening.

George Myers was admitted to the Carlisle Hospital Saturday.

Asst. Scoutmaster Ray Williams Jr. and committee member, Baird Hershey, attended the leadership training program held in the Gettysburg High School.

Mr. and Mrs. Paul Wolf purchased the former Edward Wolf home from Mr. and Mrs. Daniel Hursh, who formerly operated a convalescent home. They will move in the near future. Hursh's are living at Long's Trailer Camp along Route 15, near Dillsburg.

Mrs. William Shook recently visited her mother, Mrs. James A. Hopkins, Pittsburgh.

Pat Muselman, York Springs High School senior, bagged a deer Monday morning.

ADVERTISE IN THE TIMES

END OF YEAR TO END SOME TV REGULARS

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP)—For most people the Christmas season is one of good cheer but there are many television figures who dread its approach. For them, it means a period when many shows reach the end of their 13-week stretch and sponsor or network decided on their continuance for another 13 weeks.

Although a number of shows are currently reported to be in trouble, the actual number of cancellations announced so far is small. Out of more than 110 network shows weekly, the axe has fallen on only five. Undoubtedly there will be more announced.

Slated for sudden death are NBC's "Five Fingers," an hour-long spy series, and a wonder of wonders — "Wichita Town," a half-hour western.

Ratings Fell
CBS will lose two long shows: The expensive, highly-touted "Big Party" and "The Lineup," a police action show which never recovered from expansion to 60 minutes.

Dick Clark's night time "World of Talent" will be dropped by ABC.

All, of course, are departing because TV rating services reported comparatively small audiences.

Not Bad, Not Very Good

Wednesday night's steel hour was "One Red Rose for Christmas," the story of a nun who loses her faith upon the death of a beloved sister and regains it through the act of a child. Helen Hayes brought her usual skill to a slightly unsympathetic role but little Patty Duke was too lovable as a waif who first aroused the antipathy of the mother superior.

It wasn't a bad hour's show but it wasn't an awfully good one, either. Even though in theme and sentiment it goes nicely with the season, one dares hope that "One Red Rose for Christmas," will not be a Christmas tradition of the dramatic series. Wednesday night's show was a slightly revised version of the play steel hour did last year.

Mounts Drop Hard Fought 68-63 Game To Marines; Oppose Lewis 5 Tonight

Mt. St. Mary's forced the heavily favored Quantico Marines to rally in the final two minutes before yielding 68-63 in a semi-final game of the annual Quantico invitational basketball tournament Wednesday at Quantico, Va.

Quantico will meet Jacksonville University, winner over Lewis College 79-66, in the championship game this evening. Mt. St. Mary's will meet Lewis in tonight's preliminary for third and fifth places in the tournament.

In consolation games Wednesday Atlantic Christian edged Catholic University 65-64 and Belmont Abbey laced Wesleyan 53-36.

After a nip and tuck first half the Marines led the Mount 32-31 at intermission.

Mount Timeout Costly

Mt. St. Mary's grabbed the lead early in the second half and led until the final two minutes. It was Jack Sullivan, former Mount star, who netted a pair of fouls to send his team in front and a goal by Jody Gardner added to the Marines' lead with 1:30 left.

Quantico led 64-63 when the Mount muffed two scoring chances. The Mountaineers called time out with seven seconds remaining. Officials ruled the Mount had already used up their allotted timeouts and Quantico was awarded a technical foul which Sullivan converted. With only two seconds left Al Dillard led the game for the Leathernecks on a three-point play.

Sullivan led the Marines with 20 points and John Brewer netted 19, 13 in the last half. Jerry Savage, despite fouling out with 1:30 remaining, accounted for 18 points for the losers while Dick Talley and Ed Pfeiffer each contributed 14.

The Mount is now 3-3 for the entire season.

Ellis Beaten By Armstrong

CAMDEN, N.J. (AP)—Rudy Ellis failed Wednesday night to live up to his billing as a hard hitter and dropped a 10-round decision to Ace Armstrong in a nationally televised middleweight fight.

Ellis, a 22-year-old Chicago hopeful who slugged his way into a No. 10 ranking with a victory over Rory Calhoun, was unable to cope with the left hand Armstrong showed. Nor was he able to solve the cover-up tactics of the Elizabeth, N.J., boxer.

"I just couldn't get up any steam," Ellis said after the fight. "It was one of those nights when I couldn't get started."

Referee Paul Cavalier, the only official with a vote under the New Jersey system of scoring, awarded the eight - ranked Armstrong seven rounds. Ellis was given the third and seventh rounds. The first was scored as a draw by Cavalier.

There's but one good place in the home for "leftovers." That's the refrigerator—and the "leftovers" should be foods, not medicines.

Medicine chest "leftovers" are risky at best, and often downright dangerous. The medicine your physician prescribed a year or so ago was intended to be used then, not now.

Mickoski Leads Hockey Scorers

By THE ASSOCIATED PRESS
Veteran Nick Mickoski of the Providence Reds, recently farmed out by the Boston Bruins, had the American Hockey League scoring spotlight all to himself today.

Mickoski, who spent 11 seasons in the National Hockey League, turned in the three-goal "hat trick" Wednesday night in triggering Providence to an 8-2 victory over the Bisons in Buffalo. No other games were scheduled.

The 32-year-old center saw service with four NHL teams. He broke in with New York in 1948 and also played with Chicago, Detroit and Boston.

Mickoski's first goal of the game came late in the second period and made the score 3-0. He added two in the final stanza, the last one on a breakaway.

The Reds, who bolted to a 5-0 lead before Buffalo scored midway in the third period, moved to within four points of first-place Springfield. The Bisons are fourth, five points ahead of third-place Rochester.

The voice on the telephone came through in a hoarse, throaty whisper, as if it were an effort to speak on the part of the once fiercest of all competitors.

"I'm all right," the voice assured. "I'm feeling 100 per cent. I've had more X-rays and tests in the past few days than I've ever had in my life. The doctors say I should be out of here soon."

In Atlanta Hospital
By "here" Cobb meant Emory University Hospital in Atlanta where he has been confined with a back ailment since Sept. 29.

Cobb hopes to be permitted to leave by next Sunday or Monday. That means he will spend his birthday at the hospital. Cobb, who played the first of his 3,033 major league games some 55 years ago, will be 73 Friday. He spent 22 of his 24 years in the majors with the Detroit Tigers, finishing with the Philadelphia Athletics.

It's 31 years now since he hung up his spiked shoes, but Cobb's interest in baseball hasn't waned.

Stealing Bases Again
"I see where the boys are stealing bases again," he remarked. "That's wonderful. I don't get to see many games any more, but I make it a point to see this White Sox fellow (Luis) Aparicio whenever I can. And of course the Giants' Willie Mays."

"The managers are finally beginning to realize the value of the stolen base. The stolen base is a mental hazard to the pitcher. It's more upsetting to him than even a home run."

Pen-Mar Loop Seeking Teams
The Pen-Mar Baseball League would like to expand to eight teams for the 1960, according to Al Waterfield, Blue Ridge Summit, league president, and he has named an expansion committee to aid in the program.

George Millen, Union Bridge, vice president of the league; Thomas Saylor, Emmitsburg, and Harry Clingan, Taneytown, have been named to the committee which will meet Monday evening, January 4, at 7:30 o'clock at the Clingan home.

Anyone wishing to sponsor a team in the league is asked to get in touch with the league president or committee members or attend the committee meeting.

President Waterfield said the league was primarily interested in expanding in the Kingsdale, Littlestown, Spring Grove and Westminster areas.

Waterfield pointed out that Boonsboro, although interested in remaining as a member, is a doubtful entry next year because of the long traveling distances for most games and also because its home field stands were burned in a fire last year.

SEES GIANTS AS CLUB TO BEAT IN 1960 MAJORS

NEW YORK (AP)—The San Francisco Giants will be the ones to beat . . . the Cubs strengthened themselves through trades . . . next to helping the Cubs win the pennant, his goal is a better batting average . . . Chicago is a wonderful town in which to play baseball.

These were just some of the observations of Ernie Banks, the National League's most valuable player the last two years, as he completed a three-day tour of New York City in interest of the Boys' Clubs of America.

"Those Giants are going to be real tough next year," said the slim Chicago shortstop. "They look like the ones to beat. They got a good infield, good pitching. Blasingame (Don), O'Dell (Billy) and Loes (Billy) should make them a real threat. We'll all be straining to beat Los Angeles."

Pennant His Goal
Asked what is the goal of a man who clouted 45 homers and knocked in 143 runs last year but was buried in the second division with the Cubs for six years, Banks replied without hesitation: "A pennant."

Ernie admitted he is sick of it but "not of the Cubs," he said quickly.

"It's the most wonderful place in the world to play baseball," he said. "Every player would love to play in Chicago, just to play in the daytime. I know. They talk to me about it. Stan Musial said he could hit .400 if he played 100 games a year the way we do."

He is not predicting a pennant for the Cubs in 1960 but he thinks the club definitely strengthened itself during the inter-league trading period. The Cubs obtained Frank Thomas, third baseman-outfielder; first baseman Dick Gernert and pitcher Al Schroll. They also picked up catcher Del Rise as a free agent.

ST. LOUIS NIPS PROVIDENCE; BRADLEY WINS

By DON WEISS
Associated Press Sports Writer
Cincinnati's Bearcats, tabbed by one victim the best college basketball team in recent years, may need to be to survive the kind of competition they'll face from Bradley, St. Louis and Drake within the rugged Missouri Valley Conference.

Last year, the powerful MVC graduated its first three teams to the two post-season national tournaments — Cincinnati to the NCAA and Bradley and St. Louis to the NIT. This year, the Big Three's as tough as ever and Drake seems ready to make it a quartet.

The four, so far, have a combined 18-1 won-loss record against essentially major opposition. The only loser has been St. Louis — beaten last week by unbeaten, highly regarded Ohio State.

Bradley Wins Again
St. Louis Wednesday night ran its record to 5-1 with a 65-61 capping of Providence, one of the East's stronger independents. Meanwhile Bradley fattened its record to 5-0 in a 74-54 decision over Fordham.

Villanova, LaSalle and Holy Cross, three of the East's unbeaten, kept rolling, Yale and Cornell won Ivy League games, and the host Quantico Marines moved within one victory of nailing another Quantico Christmas Invitational title in other Wednesday features.

Yale Wins Ivy Opener
Villanova, with Hubie White leading a well-balanced attack, made it 5-0 in a 68-56 whipping of hapless North Carolina State (2-4) while Bob Alden's 27 points and 32 rebounds led LaSalle (5-0) over Lafayette, 81-73. Sophomore Jack Foley hit for 28 points as Holy Cross routed Amherst 78-45.

Yale won its Ivy opener from Brown 81-63. Cornell toppled Ivy foe Columbia, 74-70.

Quantico, winner of its own tournament four times in five years, defeated Mt. St. Mary's (Md) 68-63 to reach tonight's final against Jacksonville (Fla.), a 79-66 winner over Lewis (Ill.).

in because, in the words of its principal, Dr. G. D. Davies, some member teams are too far away.

Members are Lancaster, Reading, Williamsport, John Harris and William Penn, both Harrisburg schools, York, Lebanon and Steelton-Highspire.

Apparently no other public school is being considered for membership at the moment.

Dr. David W. Stumpff of Williamsport, conference president, said the bylaws also were changed at a meeting here to specify members must be public schools.

He said an application from Harrisburg's Bishop McDevitt Roman Catholic High School has been rejected.

Central Penn Adds C. Cliff
STEELTON, Pa. (AP)—The Central Pennsylvania Scholastic Football Conference will open the 1960 season with nine and possibly 10 members.

Cedar Cliff High School joined the eight-team circuit Wednesday after the conference approved an increase to 10 members.

Cedar Cliff recently withdrew from the South Penn Conference. Central Dauphin, which expressed interest, declined to come.

Chicago's Hawks Shut Out Bruins

By THE ASSOCIATED PRESS
The resurgent Chicago Black Hawks, a disappointment for most of the National Hockey League season, are starting to gain ground on the rest of the clubs.

The Hawks blanked the Boston Bruins 4-0 in the only game played Wednesday night. The victory enabled Chicago to move out of the cellar by one point over New York.

The Hawks have lost only once in their last nine starts, showing four triumphs and four ties. Boston has won but twice in its last 17 games.

Goalie Glenn Hall posted his first shutout of the season and handled 24 shots flawlessly. Ted Lindsay and Eric Nesterenko put Chicago in front 2-0 in the opening period and Pierre Pilote and Red Hay scored in the second stanza.

HARRISBURG (AP)—The Legislature has opened the door for legalized harness race betting in Pennsylvania. Now it's up to individual counties.

The Legislature Wednesday, for the first time in history, passed a bill calling for a referendum at a primary election in any county where a betting track is proposed.

Gov. Lawrence has not taken a position on the proposal, cleared finally by the House Wednesday.

"I want to see the bill first," he said.

Tried For Years
For many years, the Legislature has had proposals before it to legalize betting at horse tracks. None has ever passed both chambers.

The new proposal would set up an unsalaried three-member state commission (with an unlimited expense account), to handle licensing of corporations to install pari-mutuel betting machines at harness racing tracks in any county where the voters approve. Only four corporations could be licensed.

A 5 per cent tax would be imposed on admission prices and on the total money bet. A minimum admission price of 50 cents must be charged. Three-fourths of the revenue would go to the state general fund. The remainder would be distributed to county fairs and county harness racing groups.

Patterned After N.J.
The proposed statute was drawn by the United States Trotting Assn., the nationwide organization of harness racers. It is closely patterned after New Jersey's law.

Bookies, gamblers or persons convicted of crimes involving morals would be prohibited from employment by the commission or by the tracks.

The House action Wednesday was on a Senate amendment setting the date for a referendum at a primary election in any county where a betting track is proposed. This was to meet Gov. Lawrence's objections to referenda on issues of this type at general elections.

Called "Unfortunate"
The House vote Wednesday was 111-60. When it originally passed the House, the vote was 107-85.

The Pennsylvania Council of Churches said final legislative approval of the bill was "unfortunate for the state."

"We plan to meet next Wednesday to discuss strategy and, of course, we will want to talk to the governor about it," said Dr. Jesse Reber, general secretary.

The bill will be examined for legal flaws by the Justice Department, a routine procedure, before being presented to the governor for his signature or veto.

PLANS UNION OF PRO ATHLETES
BOSTON (AP)—Sugar Ray Robinson, world middleweight champion in Massachusetts and New York, says he hopes to form a union of all professional athletes.

He said he has talked with AFL-CIO President George Meany about the idea "and the more I talk to him, the more interested he gets."

Robinson said the union, as he sees it, "will include athletes from every sport, not just boxing. And it'll be under a national charter."

He said his idea is based on his old complaint that athletes don't get their rightful share of the proceeds from athletic events.

Robinson made the comments Wednesday before leaving for New York.

ENGLE SEEKING BOWL WIN FOR HIS BEST TEAM

By GEORGE ESPER
PHILADELPHIA (AP)—Coaches Rip Engle of Penn State and Bear Bryant of Alabama want the Liberty Bowl victory here Saturday.

For Engle a triumph would put a bright wrapper on what he calls the best team he's ever coached in his 10 years at Penn State.

A victory for Bryant would add lustre to the job he's done in rebuilding the Crimson Tide since he took over two years ago. The veteran coach brought Alabama from a three-year famine to a 5-4-1 record in 1958 and a 7-1-2 mark this year.

Relies On Lucas
Engle hopes All-America quarterback Richie Lucas, whom he says runs, passes and defends well, will be the Santa Claus who delivers the victory.

Bryant is pinning his hopes on a rugged defensive unit, which was the best in the nation in pass defense and fourth best in total defense, and quarterbacks Pat Trammell and Bobby Skelton. Both are good runners, capable passers and hold their own on defense.

The early line has established Penn State as a one-point favorite in the contest expected to draw 50,000 to Philadelphia Stadium if good weather prevails.

Thousands of others will view the game over NBC television beginning at 12:45 p.m., EST. The game also will be carried nationally on radio by a network of independent stations through facilities being set up by NBC.

Neither Engle nor Bryant is making any predictions. Both coaches say they'll offer something new in the way of offense but they won't say exactly what.

Both teams arrive today after completing heavy workouts. They'll stage light workouts Friday.

Rank 10th And 12th
Alabama, ranked 10th in the final Associated Press football poll, lost its opener to Southeastern Conference champion Georgia, then picked up steam steadily in defeating seven other opponents.

The Crimson Tide tied Vanderbilt and favored Tennessee and upset Auburn 10-0 in the season's finale.

The Nittany Lions, after being among the top 10 most of the season, finished 12th in the final AP poll because of an upset loss to Pitt. Penn State, which won eight games, suffered its only other loss at the hands of Syracuse, the nation's No. 1 club.

Penn State is basically a Winged-T team but the colorful Nittany Lions will show fans the Winged-T with flankers, the Straight-T, spread formations, double-slot, split ends and various other offensive combinations. Alabama is primarily a Straight-T club.

NEVES RIDES WINNER AGAIN
SAN MATEO, Calif. (AP)—"Those spills couldn't have been too bad. . . I'm still here."

So declared tough little Ralph Neves, a jockey once declared dead, who returned to riding Wednesday and crossed the line with a winner at Bay Meadows. His skull was fractured in a spill last May 30.

"I wanted to win in the worst way. Sure I was nervous. I didn't sleep good last night," the 38-year-old rider said after bringing home the filly Pez Vela in the third race.

Just before that, tears filled his eyes as he was presented a plaque with his picture engraved along with notations listing his 40 big stakes victories of a quarter-century career.

"I thought I was tough and wouldn't cry," he admitted. "But there was something wonderful about knowing I had so many many friends." Trainer Noble Threewitt named Neves to ride the favorite Pez Vela fulfilling a promise of three months ago that when Ralph was ready to come back, he'd put him on a good horse.

She won by three and one-half lengths to return \$4, \$3.80 and \$2.60 for the two-dollar bettors. Comedian Jimmy Durante, master of ceremonies at the presentation, wagered \$15 "for sentimental reasons."

LOS ANGELES (AP)—Los Angeles' entry in the new American Football League has signed Ron Mix — the No. 1 draft choice of the Baltimore Colts. Mix was signed Wednesday along with Garry Finneran, a fellow University of Southern California tackle. They're the first players signed by the Chargers.

Drawings Made For B. S. Cage Tourney

Drawings have been made for the Boiling Springs High School basketball tournament to be held on Wednesday, December 30, and Saturday, January 2.

In the first game on December 30 starting at 7 p.m., Mechanicsburg High School will play York Suburban High. At 8:30 p.m. Hanover High School will meet Boiling Springs High School.

On Saturday evening, January 2, the two losers of Wednesday's games will meet in the consolation game at 7 p.m. and the winners of Wednesday's games will meet for the championship at 8:30 p.m.

Patterson Hope To Regain Title
NORTH BAY, Ont. (AP)—Pointing for a still-to-be-arranged world heavyweight title fight with champion Ingemar Johansson, No. 1 challenger Floyd Patterson continued his Ontario-Quebec exhibition tour with a pair of two-rounders before 600 fans here Wednesday night.

Punching in furies, Patterson floored Ritchie Nordan with a left-right combination in the closing rounds of one bout. The other was against Billy Tisdale.

Earlier Patterson said he was confident that a more cautious attitude would help him regain the title he lost to the Swedish fighter in New York last June.

Buffalo's Offense Will Not Be Dull
BUFFALO, N.Y. (AP)—The new coach of the Buffalo Bills of the American Football League isn't sure what offense the team will use, but it won't be a dull one.

Garrard (Buster) Ramsey, ex-defensive coach of the Detroit Lions of the National Football League, was named to head the Bills' coaching staff Wednesday by owner Ralph C. Wilson Jr. of Detroit.

"I don't like dull play and I know professional football spectators don't like it," said Ramsey, who signed a three-year contract.

Opening games of the Adams-Franklin Scholastic Basketball season, plus a home engagement for Gettysburg High School and an away contest for Delone, feature the schoolboy schedule for Friday evening.

George Forney's Gettysburg Warriors will be out to regain their winning ways after their surprising jolt at York Suburban when they tangled with a big Westminster outfit.

The Owls have three senior lettermen on their squad, Gene Hill 6-0, Bernie Bayline 6-0, and Sterling Haines 6-1. Other big boys on the squad include Bob Martin 6-2 and Ron Fritz 6-0, juniors, and Willis Wampler 6-2 and Charles Doan 6-2, seniors. Rounding out the varsity outfit are Mike Smelser 5-7 senior; John Ebaugh 5-8 and Harry Sharkey 5-7, juniors.

Westminster now has a 6-3 record. The winless Owls have lost to Francis Scott Key 45-37, North Carroll 57-47, and Glen Burnie 73-40.

The junior varsities will meet in the preliminary at 6:45.

Two-Division Lineup
All 10 teams of the Adams-Franklin League will be in action as the league inaugurates its second campaign on Friday.

Last year there were 12 teams in the circuit but Biglerville and Big Spring dropped out of the Adams Division to enter other leagues. Biglerville has joined the South Penn League while Big Spring is now a member of the Blue Mountain organization. Biglerville won the Adams Division title last year and then defeated Scotland, Franklin titlist, for the overall championship.

The Adams Division this season will be composed of Littlestown, Bermdian, Fairfield and New Oxford, Franklin County entries will again be Scotland, Greencastle, James Buchanan, Quincey, Fannett-Metal and St. Thomas.

Games scheduled Friday are: St. Thomas at New Oxford, Fannett-Metal at Bermdian, Fairfield at James Buchanan, Littlestown at Quincey, and Greencastle at Scotland.

STATE BLIND PENSIONS ARE GIVEN BOOST

HARRISBURG (AP) — State pensions for the blind have been increased from \$60 to \$70 a month. Blind persons are permitted under a law signed Wednesday by Gov. Lawrence to earn up to \$2.80 and still be eligible for the pension. The previous cutoff was \$2.500.

The law appropriates \$3,122,000 for the blind pension program.

Other new laws: Allow Third Class county retirement boards to give service allowance credits to employees without limitation as to date. Previously boards could give credit only to persons employed before Jan. 1, 1945.

Permit contractors to submit either bonds or certified checks to the State Highways Department to guarantee bids on road construction. Previously certified checks were required. The new law is designed to prevent hardship on contractors caused by tying up large amounts of money.

Impose a penalty fine of up to \$5,000 and a prison term of up to five years on cigarette dealers and stamp affixing agencies for dealing with counterfeit cigarette tax stamps, set up new standards for granting licenses, and strengthen requirements for maintaining records.

Grandmother 3 Children Die In Blaze

HOUSTON, Tex. (AP)—A grandmother and her daughter's three children burned to death here Wednesday night while the children's parents were at a washateria.

The dead were Hattie Hardy, 70, and the three children of Mr. and Mrs. Ernest Yarbrough, Anthony, 5; Denise, 3, and an 13-month-old male baby.

Neighbors rushed to the washateria to tell Yarbroughs of the fire after the bodies had been taken to a morgue. Yarbrough, 26, and his wife, 24, were hysterical with grief.

Dist. Fire Chief Charles Adams could offer no immediate cause for the fire.

and W. F. Miller, chief. A rising vote of thanks was extended to Donald Tracey for his varied and extended services to the company. Tracey plans to leave the community shortly after the first of the year for business purposes on the Eastern Shore.

The Christmas vacation will begin with the dismissal of school at 1 p.m. Wednesday afternoon, December 23. No lunch will be served. Students will have Christmas parties in their homerooms. There will be no exchange of gifts in classes this year. Students are to report back to school on Monday, January 4, at the regular time.

The high school will present its annual Christmas program Monday, December 21, at 8 p.m. in the school auditorium. The program will be presented by the choral and instrumental departments under the direction of Mrs. Jean Bowers and Ralph Minnick.

The program is as follows: "Alleluia," Bach; "We Three Kings," J. H. Hopkins and "Jingle Bells," Pierpont-Howarth by the senior high mixed chorus; "Rise Up Shepherd and Follow" and "The First Noel," traditional, by the eighth grade; "Angels We Have Heard On High," traditional French melody, and "The World's Desire," German, by the ninth grade.

"A Christmas Festival," L. Anderson; "The Messiah," Handel-Delamater; "Sleigh Ride," L. Anderson, and "Santa Claus Is Coming to Town," arranged by Merle J. Isaac will be played by the orchestra. "Glory to God," arranged by Krones; "O Holy Night," Adolphe Adam, and "White Christmas," Irving Berlin, senior high mixed chorus. The program will conclude with "Jesus, Joy of Man's Desiring," J. S. Bach, by the combined senior high chorus and orchestra.

Self-respect, Common Sense Help Women To Live Longer

By HAL BOYLE NEW YORK (AP) — Curbstone

comments of a Pavement Plato: Wives live from 5 to 10 years longer than their husbands, and old maids outlast old bachelors by at least the same margin.

Science is still considerably puzzled by the reason for this:

It isn't satisfied with the ordinary man's explanation, which is: "Men die sooner because they work themselves to death trying to please women by earning enough money to buy them what they think they want."

Some Possible Answers

What is the real reason women are more durable than men?

One answer may be that women have two great secret weapons in the battle of life. They are self-respect and common sense. Men have these qualities, too, but not in so great a measure.

Let us take up self-respect first. It is a quality absolutely essential to human survival. Any husband being without it withers and dies.

Disillusionment Hurts

A girl is taught from birth to respect and take pride in herself, and she will cling stubbornly to this feeling against all the buffets of this world. She is helped perhaps by the smug knowledge that she is the reservoir of posterity.

A man doesn't have quite this same indestructible sense of worth and merit. His self-respect is a more fragile thing. So is his pride. If he sets himself too high a goal and fails to achieve it, he

often gets a feeling of disillusionment and general worthlessness that hastens him to an untimely end.

Let us now consider common sense. The average man feels this is a quality he has in abundance and few women have at all. Actually it's the other way around. It's the women who have it and the men who don't.

This is best shown in how the two sexes deal with one of the greatest problems of life—the need to compromise. Life is, indeed, one long compromise.

Men rarely have the common sense to face up to this inescapable fact, because they are romanticists by nature. Women, by contrast, are realists, do face up to the fact.

Castro Fears Invasion In 1960; Gives Long Harangue

By RICHARD VALERIANI
HAVANA (AP) — With his military courts again in full swing, Prime Minister Fidel Castro expressed belief Wednesday that there will be an invasion of Cuba in 1960.

"Next year we will have to defend the revolution with weapons in hand," Castro declared in a televised, 4½-hour speech. "It will come because there is a great campaign outside and here I hope I am wrong, but they will come. I am sure we will annihilate them."

He didn't say who they would be.

The bearded prime minister jibed at labor and racial conflicts in the United States to cheers from his immediate audience, about 1,200 delegates of the Congress of Sugar Workers.

Cites Steel Strike

He complained that the recent U.S. steel strike slowed the agrarian reform program of this island nation—which depends chiefly on the United States for its steel products — by halting tractor production.

He chided the United States for its industrial troubles and its racial problems.

Matos Gets 20 Years

Of the growing reluctance of American tourists to come to Cuba, Castro said: "Why do they tell the tourists not to come to Cuba? Perhaps they are afraid the example of Cuba will become the example of America."

Castro's military courts meanwhile picked up speed.

A tribunal in Havana sentenced Maj. Hubert Matos, who resigned as commander of Camaguey province troops last Oct. 19 with a blast against communism, to 20 years in prison for sedition. Castro had been a star witness against his old comrade in arms. Twenty-one officers who defected with Matos drew terms of two to seven years. Thirteen others were acquitted.

Two Cubans were condemned in Pinar del Rio to death before a firing squad, Luis Lara, corporal in the old Batista army, and Jose Antonio Morfi Reyes were accused of leading an anti-Castro band in west Cuba.

Gets Swift Trial

John V. Martino, 49, an ailing businessman from Miami Beach, Fla., heard a prosecutor demand a 20-year sentence at the windup of his swift trial in La Cabana fortress for alleged counter-revolutionary activities. Martino, an American citizen arrested an hour after he arrived here last July 23, denied all the charges.

President Osvaldo Dorticos rejected an appeal by William H. Cowles, president of the Inter-American Press Assn., for release of Miami Herald reporter James Buchanan. Dorticos told Cowles, publisher of the Spokane (Wash.) Spokesman-Review, "Our government has proof that Buchanan went beyond the scope of journalism in his relations with Frank Austin Young."

MOSCOW (AP) — Soviet Premier Nikita Khrushchev sent President Tito greetings on Yugoslavia's national holiday last month, but Tito took almost three weeks to reply.

Their exchange was published in Moscow newspapers Wednesday. There was no explanation for the delay.

ST. JOHNS, Nfld. (AP) — Seven persons, four of them children, died Wednesday in a fire.

Police said the victims were Mr. and Mrs. Joseph White, their four children 2 to 9 years old, and Lorraine Woodridge, 13.

The fire was touched off by an explosion just before dawn. It destroyed the two-story building.

MILAN, Italy (AP) — Roberto Moranzoni, 80, who conducted the world premiere in New York of

for two days of freedom after being sentenced in Pinar del Rio to 30 years in prison as the leader of an anti-government band. He was recaptured in a Havana hotel. Buchanan, 43, who had interviewed him there, was charged with involvement in the escape.

Puccini's three short operas "Il Trittico" in 1918, died Sunday at his home near Milan.

Born in the south Italian city of Bari, Moranzoni went to the United States before World War I and in 1917 succeeded Arturo Toscanini as leading conductor of Italian opera at New York's Metropolitan.

He returned to Italy in 1947 and lived in retirement since.

TOKYO (AP) — Two boatloads of Koreans who chose life under communism arrived in North Korea Wednesday after an uneven voyage. South Korea failed to make good on threats to stop them.

Pyeongyang radio announced the arrival in Chongjin of the 975 repatriates, who traveled in unarmed Soviet ships from Niigata, Japan. They are the first of about 5,000 destitute Koreans in Japan who have accepted offers of jobs and homes in North Korea.

CINDERELLA AS WESTERN FALLS SHORT

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — "Cindy's Fella," Tuesday night's NBC Star-time show, was a cowboy version of the Cinderella story. If nothing else it contradicted the widely held theory that any plot can be successfully dressed up in spurs and a ten-gallon hat.

The action hewed pretty close to the familiar plot, but the actors played it tongue-in-cheek. The result was that the show landed somewhere between "Finian's Rainbow" and "Wyatt Earp."

James Stewart played a Yankee peddler in a frontier town who picks up drifter George Gobel. Together they meet up with the wicked stepmother, the two ugly sisters, and poor neglected Cindy. The big switch was that after the slipper fit it turned out that the peddler was Prince Charming and Lonesome George was the Fairy Godmother. What won't they try to get a saddle on next?

Poe Comes To TV
June-in-January note: CBS will repeat "Lucy Makes Room for Danny," on the Jan. 8 Desilu

show. Edgar Allan Poe's "The Gold Bug" was the inspiration—with credits, even—on this week's "Bourbon Street Beat," but the show needed more than inspiration. Poe, will be one of the writers whose work will be adapted to television in a series of 60-minute mysteries, classic and modern scheduled for NBC next year.

TV's top advertisers in the third quarter of 1959 were two soap companies who between them spent more than 20 million dollars. Just when the industry is concerned about the flagging ratings of musical variety shows, NBC scheduled a new one to replace the cancelled "Lineup" on Jan. 27. It is called "Be Our Guest," with George de Witt, late of "Name That Tune," as host. Anyway, it won't be another Western or crime show.

CBS' "Conquest" next Sunday has a French scientist who has discovered how to decipher the sound of locusts and who can, by reproducing the sound, talk back to them, even controlling their movements.

QUARTERS, PLEASE
BALTIMORE (AP) — If anyone offers you 200 pounds of any coin, take Carl C. Burke's word for it and choose quarters.

Burke says you would get \$3,657 in quarters, as compared to only \$3,636 in halves and a paltry \$2,617 in silver dollars.

ROCKEFELLER GETTING MORE 1960 SUPPORT

By RELMAN MORIN
OKLAHOMA CITY (AP) — Gov. Nelson A. Rockefeller, taking political sounding in the Southwest today, said he is receiving more promises of support if he becomes a candidate for the 1960 Republican presidential nomination.

He looks like a candidate—and an increasingly confident one. Rockefeller headed for Texas today, nearing the end of an eight-state tour. The purpose, he says, is to help him decide whether to announce for the GOP nomination.

"Heartening Portion" Even in a tightly controlled Republican luncheon in Milwaukee last Tuesday, an affair dominated by adherents of Vice President Richard M. Nixon, he says he received encouragement.

"Some of them indicated they would support me," he said. "It was a small but heartening portion."

He gave a similar report after meetings in Indiana, earlier on this trip.

Leaders For Nixon In both Wisconsin and Indiana—and in fact every state he is visiting—party leaders favor Nixon for the nomination.

Rockefeller readily concedes Nixon has a big edge.

In Oklahoma City, he said "a

Reduce Tax On Jet Aviation Fuel

HARRISBURG (AP) — A one-half cent reduction in the 1½-cent-a-gallon tax on jet aviation fuel has been given final legislative approval.

The House concurred 139-40 Wednesday in Senate amendments to the bill. It now goes to the governor.

The tax reduction is aimed at increasing tax revenues by enticing more airlines to refuel in Pennsylvania.

INCOME TAX CUT UNLIKELY IN NEXT YEAR

By B. L. LIVINGSTONE
WASHINGTON (AP) — Income tax reduction is unlikely in 1960. The steady increase in federal spending, government need for every tax dollar, the monumental complexity of the tax laws, and deeply rooted congressional differences add up to a tax status quo for another year.

This became clear today as the tax-writing House Ways and Means Committee neared the end of five weeks of hearings on future comprehensive revision of the tax laws.

When the sessions end Friday, the committee will have about 5,000 closely printed pages of often conflicting tax views by high percentage of the party leaders, county chairmen and other—perhaps 70 per cent—are for Nixon.

Reporters asked whether he is considering trying for the nomination because of a belief that Nixon, if named, could not win the presidential election.

Small Crowds "No, sir," Rockefeller said. "I deplore any tactics based on a Nixon-can't-win argument."

"He has been an outstanding vice president and has done a superb job."

Rockefeller flew through a heavy storm, arrived late in Oklahoma City, and encountered a damp and soggy reception in the city.

Only about 35 people bought tickets for a 130-plate dinner in his honor. Running far behind schedule, he found about 200 people—perhaps one-fifth of the seating capacity—in the municipal auditorium where he spoke.

BREAKDOWN ON PROJECTS FOR GSA FINANCING

HARRISBURG (AP)—Here is a partial breakdown on proposed construction projects that would be handled by the General State Authority under a measure approved by the Senate Rules Committee Wednesday night:

Raise level Tamaqua Desilting Dam, \$45,860; construct new desilting basin at Auburn, \$280,500; Moosic flood control project, \$600,000; Duryea flood control project, \$382,000; Scranton Unit No. 4 flood project, \$588,000; Meadville flood protection project, \$700,000; Confluence flood control project, \$600,000; Danville flood control project, \$605,000; construct facilities Presque Isle Park Marina, \$119,000.

At Teachers' Colleges

Improvements at these state teachers colleges: utilities and heating plant addition, Bloomsburg, \$620,000; gymnasium and classroom building, California, 1 million dollars; sewage disposal system, Cheyney, \$242,000; electrical repairs and construction of special education building, Clarion, \$390,000; service building and garage, new athletic field, East Stroudsburg, \$160,000; classroom building, boiler plant and utilities expansion, Edinboro, \$1,347,000; new athletic field and home economics building, Indiana, \$919,500; sewage disposal plant, Kutztown, \$290,000; new classroom building, Lock Haven, \$728,500; utility system and special education building, Mansfield, \$399,500; conversion of existing building, Millersville, \$300,000; classroom building, Shippensburg, \$791,500.

economists, businessmen and committee members.

Election year pressures for popular tax cuts undoubtedly will be as great as ever, but key committee members have ruled out any substantial revision of the tax laws next year.

Groundwork Laid

They feel the groundwork has been laid for future overhauling of the law to permit a general reduction of tax rates without sacrificing revenues.

Chairman Wilbur D. Mills (D-Ark) says such an over-all rate reduction could be achieved by broadening the taxable income base — amounts and types of income subject to tax — and eliminating many tax preferences, deductions and loopholes.

dining hall and kitchen, Slippery Rock, \$500,400; library addition, classroom building and dining hall-kitchen, West Chester, \$2,407,500.

Hospital at Scotland School for Veterans' Children, \$662,125; renovate bath facilities, Danville State Hospital, \$437,000; boiler plant, Coaldale State Hospital, \$300,000; addition to new wing, Conneville State Hospital, \$237,800.

New Dorms

The Senate committee added a 35-million-dollar project for construction of dormitories at state teachers colleges. The money would be paid by a \$3 weekly increase in student room and board charges passed earlier by the Legislature.

Other projects added by the Senate committee were: designs and plans for a field house and gymnasium, Indiana State Teachers College, \$75,000.

House-approved projects cut from the bill included:

Renovation of dining room, Warren State Hospital.

IN PURSUANCE of a Writ of LEVARI FACIAS issued out of the Court of Common Pleas of Adams County, and to me directed, will be exposed to Public Sale on SATURDAY, the 16th day of JANUARY, 1960, at 10:15 o'clock in the forenoon at the Court House in the Borough of Gettysburg, Adams County, Pa., the following Real Estate, viz.: ALL that property situate in the Township of Hamilton, in the County of Adams, State of Pennsylvania, and bounded and described as follows, to-wit:

On the North by public road, On the South by ——— On the East by Walter Shoemaker and On the West by Warren Donnelly. Containing 13 acres.

Seized and taken into execution as the property of Harry L. Sanders heirs, a/k/a H. L. Sanders heirs and to be sold by me.

DAWSON R. MILLER, Sheriff Gettysburg, Pa. December 11, 1959

Ten per cent of the purchase price is payable in cash immediately after the sale and the balance of the purchase price, plus making, docketing and recording of deed, is payable in cash five days prior to the return day of the writ of execution; if conditions are not complied with the property will be resold and the defaulting purchaser will be liable for the deficiency, if any.

SUNDAY SALES BILL HELD UP BY DISPUTES

HARRISBURG (AP) — Legislation permitting Sunday sales of liquor at Philadelphia and Pittsburgh hotels has been halted in the General Assembly in a dispute over times for holding referendum on the issue.

The House Wednesday refused to go along with Senate amendments putting the referendum in odd-numbered years. The House had originally approved holding a referendum in any odd-numbered year primary election.

The action came after Gov. Lawrence told his news conference he "most likely" would veto the measure if it allowed referendum

could get on their way again. This little town of 1,400 on the high plains was clogged with travelers and their cars, marooned Tuesday by a storm which piled wind-driven snow into drifts 12 feet deep on the highways.

The City Hall was opened. It has a large auditorium which was crowded with children and adults trying to sleep on mattresses and blankets which the townspeople supplied.

A stranded motorist said at least 800 extra people swelled the town late Wednesday night as rescuers brought them and their cars into town.

D. Fayetteville, Pa., and bounded and described as follows, to-wit:

On the North by Wayneboro Municipal Authority, On the South by ——— On the East by G. Wagonman and On the West by G. Wagonman. Containing one lot.

Seized and taken into execution as the property of William Carbaugh heirs and to be sold by me.

DAWSON R. MILLER, Sheriff Gettysburg, Pa. December 11, 1959

Ten per cent of the purchase price is payable in cash immediately after the sale and the balance of the purchase price, plus making, docketing and recording of deed, is payable in cash five days prior to the return day of the writ of execution; if conditions are not complied with the property will be resold and the defaulting purchaser will be liable for the deficiency, if any.

da at any but a primary election.

The bill now will go to a special House-Senate conference committee in an attempt to compromise the differences between the two chambers.

Under the measure hotels in the two cities would be permitted to sell beer and liquor between 1 p.m. and 10 p.m. Sundays, provided more than 55 per cent of their business is in the sale of food.

TELLS ABOUT SETTING NEW SPEED MARK

WASHINGTON (AP)—I didn't know my speed. I was too busy watching my altitude.

The man who has flown a plane faster than anyone else in the world—1,520.9 miles an hour—said that Wednesday. Air Force Maj. Joseph W. Rogers, 35, flew into Washington for a news conference and to get a Distinguished Flying Cross for his feat.

The reason Rogers was so anxious about his altitude: To qualify for an international record, he had to keep his F106 jet fighter on level flight for two passes through an 18-kilometer course.

His First Try
If the roaring jet had drifted up and down more than 50 meters (about 150 feet), the record claim would have been tossed out.

It was Rogers' first try to a speed record. He took off from Edwards Air Force Base, Calif., Tuesday morning in the delta-winged all-weather fighter.

After a second pass a voice from the ground shouted in his earphones: "We made it. We've got enough."

That meant he had bettered the previous world record claim, made by the Soviets in October for an E66 fighter that flew 1,483 miles an hour.

Fairfield

MRS. CLARENCE WILSON
Times Reporter — Phone 6

FAIRFIELD — The local FFA members who represented the local chapter as delegates at the area FFA meeting held at the Gettysburg High School Wednesday were Ellis Kint, Wayne Woerner and Allen Sites. They were accompanied by their chapter advisor, Robert Leiter.

Miss Mary Harbaugh is visiting at the home of her nephew and niece, Mr. and Mrs. Rodney Harbaugh, Levittown, N. J.

At the meeting of the Fairfield Community Fire Company, held at the fire hall Wednesday evening, officers elected to serve for the coming year were President, Francis Shultz; first vice president, Chester Cornwell; second vice president, Raymond Myers; secretary, Ira McGlaughlin; financial secretary, Clarence Wilson; treasurer, Glenn Shriner; chief, Harper Hiner; second assistant chief, Kenneth Sites; second assistant chief, Walter Warren; directors, Hamiltonban Twp., Paul Myers; Highland Twp., Kenneth Stoner, and Fairfield borough, Junior Scott. Installation of the above named officers will be held at the regular meeting night, Wednesday, January 6, 1960.

The senior class of the Fairfield Joint High School will hold a Christmas dance in the high school gymnasium Saturday evening. Members of the school faculty will serve as chaperons.

The Women's Guild of Fairfield Mennonite Church met Tuesday evening at the home of Mrs. Howard Musselman and made Christmas favors to be donated to the Adams County Home.

The White Gift Offering and Christmas service will be held Sunday, December 20, and will consist of singing and readings with the Sunday School children and youth group participating.

On Sunday evening at 7:30 o'clock, the Mennonite drama group will present the play, "Healing In His Wings." This program will be held in the church.

On Sunday evening, December 27, at 7 o'clock, the Senior High Fellowship group will meet. Miss Laura Lee Martin, a student at Millersville State Teachers College will tell of her experiences in Voluntary Service at NIH, Washington, last summer.

On December 28, at 7:30 o'clock the all-church Christmas party will be held in the guild room.

The senior high watch night party will be held at the church New Year's Eve beginning at 9 o'clock.

Ike's Schedule For Friday Announced

PARIS (AP) — President Eisenhower's schedule for Friday:

12 noon arrives aboard U.S. Cruiser Des Moines at Toulon, France, completing cruise from Athens via Tunis.

1:30 p.m. welcomed by Toulon city officials, boards special train.

1:50 p.m. departs for Paris with Secretary of State Christian A. Herter as one of his traveling companions.

10:30 p.m. arrives Paris, where he is greeted by President Charles de Gaulle. Takes quarters at the U.S. Embassy residence for the weekend Western summit meeting.

French time is six hours ahead of Eastern Standard.

Santa Gets Tips On Girls; Boys OK

DAYTON, Ohio (AP) — Santa's mail bag at the main Dayton post office received this unsigned communication:

"To Santa. Bad girls: Cathy (underlined twice), Debby, Gramma. Bad boys: Every boy is good."

The letter was on a folded piece of paper with stamps drawn on it.

Old Texas Vet Is "Much Weaker"

HOUSTON, Tex. (AP) — Walter W. Williams, last surviving veteran of the Civil War, was "much weaker" Wednesday night and it appeared again that the old soldier's last hours were at hand.

A daughter, Willie Bowles, said: "He lost quite a bit of strength during the day and is much weaker tonight." His condition has been termed critical for weeks.

SENATE DOWNS NOMINATIONS TO TAX BOARD ON WEDNESDAY

By LEONARD A. UNGER
HARRISBURG (AP) — Senate Republicans, resolute in the face of a five-hour Democratic filibuster, denied confirmation early Wednesday to two Democratic appointments to the State Tax Equalization Board.

Rejected were Herbert J. McGlinchey, Philadelphia, named by Gov. Lawrence to a second four-year term, and Mayor Raymond E. Gardlock, of New Kensington, a new appointee.

The vote to reject McGlinchey and Gardlock was 20-25 with a two-thirds majority—34 — needed to confirm. Sen. Frank Koprivier Jr. (R-Allegheny) was the only Republican who voted for confirmation. He said the governor was entitled to select anyone he wanted for his official family.

Exchange Charges
Republicans charged in a Senate session that droned on until 3:30 a.m. that the appointments were political.

Democrats replied that the rejections were political.

They unsuccessfully used one delaying tactic after another — long speeches, parliamentary questioning and committee discharge resolutions — to stave off the GOP action.

Not As Fortunate
But they weren't as fortunate as they were on Monday when they were able to hold off the GOP ax for another day. As a result, Senate Republicans had an overnight change of mind on plans to keep Chairman John Bevec of Strabane, Washington County, from a second term.

One reason was that Bevec's rejection would have reduced the three-man board to one person — Frank K. Cochran, Greensburg, whose term expired last month but who can stay until succeeded. There had been a question among GOP senators as to whether the board could then function.

Gardlock's nomination, now a dead issue under the law, had been intended to fill Cochran's place.

"Kindergarten Politics"
Sen. Charles R. Weiner, Democratic floor leader, said he has been advised by the Justice Department that McGlinchey can still cling to his \$12,000 a year job despite the Senate refusal of his confirmation.

The unofficial ruling, said Weiner, was based on a law providing that Tax Equalization Board members can continue in office until replaced even though their terms have expired. The terms of Bevec and McGlinchey ended Nov. 14.

The Democratic speech-making during the night was climaxed by a charge by Sen. Hugh J. McMenamin (D-Lackawanna) that the GOP was reducing itself to "kindergarten politics."

"Competence Questioned"
"One of the reasons the Republican party is losing elections in Pennsylvania is just for the type of irresponsible, petty and childish politics that is being played here tonight," said McMenamin.

Republicans didn't reply to McMenamin but Sen. Robert D. Fleming, Allegheny GOP caucus chairman, said earlier that the appointments were made as a political reward.

"Many of the senators feel that these men are not competent to serve on this particular board," Fleming had declared.

Sen. Thomas A. Ehrgood (R-Lebanon) renewed his contention that there was "a suspicion of political influence" in the board's operation.

FAIRFIELD — Christmas services scheduled to be held in the local churches are as follows:
Zion Lutheran Church: The Dorcas Guild Christmas party will be held at the parsonage Wednesday evening.

Saturday evening at 7 o'clock members of the Ella Glenn Bible Class will meet at the parish hall to have their annual Christmas baking party. Cookies baked at this time will be donated to the Wolford Bible Convalescent Home, Fairfield.

On Sunday evening, December 20, at 7 o'clock the pageant "The Story of Christmas" will be presented in the church. The cast: Narrator, Robert Reindollar; prophet, Thomas Newman; Zechariah, William Newman; voices, Robert Newman, Anita Inskip, Mrs. Otto Kroeger; Mary, Mrs. Carl Filsinger; Joseph, Carl Filsinger; angels, Ann Sanders, Evelyn Filsinger, Julia Ross and Jo Ross; shepherds, Dr. James Hammett, Harlan Lowe, Kenneth Hartzell, Randy Inskip; Wise Men, Calvin Bream, Kermit Spence and Richard White. Music will be furnished by the Cherub, Youth and Adult choirs of the church.

Members of the Luther League and guests will meet at the church Wednesday evening, December 23, at 7:30 to go caroling. The group will return to the parish house for refreshments.

On Christmas Eve at 11 o'clock the annual Candlelight Service will be held.

The annual Christmas party of the United Church of Christ will be held in the Fairfield High School cafeteria Thursday evening at 7 o'clock. Sunday morning worship service will be held at 11 o'clock. The pastor, the Rev. Robert Myers, will use as his sermon the text "I Couldn't Care More." The Youth Fellowship will meet at the parsonage Sunday evening at 7:30 o'clock to go caroling after which the group will return to the parsonage for refreshments. The Christmas Eve service will be held in the church at 11 o'clock.

Mary Ellen Milne received the sacrament of baptism at St. Mary's Church Sunday administered by the pastor, Rev. John McNulty. The godparents were her uncle, Francis Rider, Fairfield, and Miss Patricia Dacall, Arlington, Va.

XMAS PROGRAM IN EMMITSBURG

The choir of Elias Evangelical Lutheran Church, Emmitsburg, under the direction of Mrs. Reginald Zepp, will present a special program of Christmas music Sunday morning at 10:30 o'clock. The program, entitled the "Festival of Music," will include the following selections:

Winslow's "Wake Now, Ye Shepherds," by the combined choirs; Christensen's "Sing Noel, Sing Gloria," senior choir; Westervelt's "The Bells," children's choir; Westervelt's "The Echo Carol," youth and children's choir; Neidlinger's "The Birthday of a King," youth choir; "Silent Night," church choir, Susan McLaughlin, soloist, and O'Hara's "Come To The Stable," senior church choir.

The annual candle lighting service will be held Christmas Eve from 11 o'clock to midnight. Choir music accompanied by organ and instruments will be provided. The public is invited to attend both the above services.

TUCSON—Magic Circle City of the Week — Colorful Southern Arizona Offers Fun in the Winter Sun

(By EDWARD COLLIER)

Tucson, the sun playground, likes to call itself "the Old Pueblo" in honor of its colorful, historic past. Businessmen say it's the "future electronics center of America." To those who like the friendly, easy informality it's the "Dude Ranch Capital of the World."

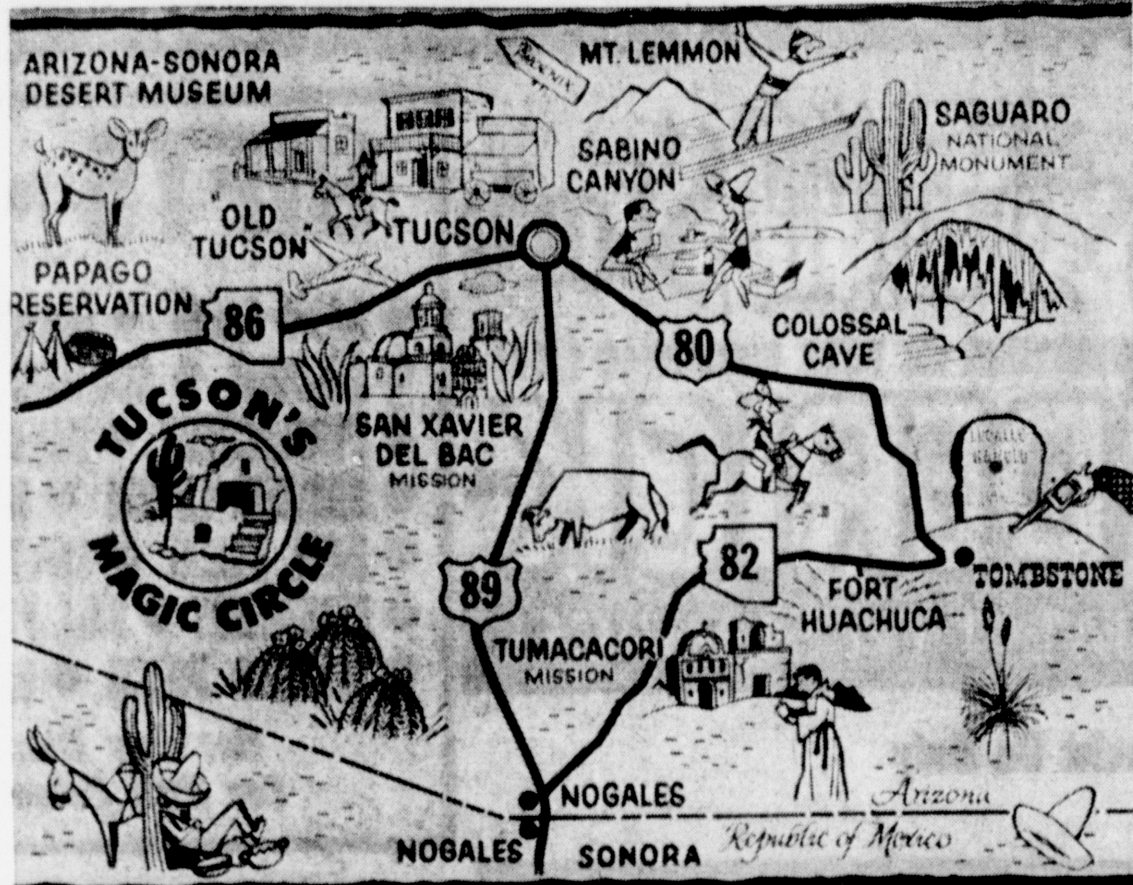

All this is not a case of split personality. Actually the city has combined the romance of history with nature's assets and commercial know-how. Result: more fun for the visitor.

Before you start your Magic Circle trips around Tucson, get acclimated by short horseback rides into the desert wonderland of giant cacti, or with plunges in the pool at one of the hundred guest ranches, or the luxury motel or resort that you have chosen as your headquarters. The guest ranches range from the ultra-modern in decor to those which use pioneer wagon wheels for chandeliers. Several are real "working outfits," combining the businesses of guests and cattle raising; a few feature guitar-strumming by the dude wrangler!

Relax in Sun

Once you have learned to ride, swim and relax in southern Arizona's sun you are ready to explore Tucson. You will be impressed by the city's contrasts in architecture; all of it fits into the landscape of desert and stony background mountains: the shiny new schools, office buildings, shopping centers and the striking homes and churches that vary from the Pueblo adobe and the startlingly new in design to the stately old edifices, reminiscent of the days when the town was an outpost of Spain's colonial empire.

You will get a close-up of the "Old Pueblo's" other personality when you visit the University of Arizona and its magnificent campus. The bright green semi-tropical landscaping sets off the modern red brick buildings. The university houses the Arizona State Museum, which has one of the finest collections of prehistoric Indian artifacts on the continent. The University Art Gal-

Fun in the winter sun is yours in Tucson. Keep this Magic Circle map, which highlights fascinating auto trips in southern Arizona: The novel Sonora-Living Desert Museum, "Old Tucson," which recreates the lurid days of 1860; Mt. Lemmon for skiing; secluded Sabino Canyon for picnics; Saguro National Monument with its weird and beautiful giant cacti; Colossal Cave, once a robbers' hideout; Tombstone, "The Town Too Tough to Die"; the picturesque twin border towns of Nogales; the lovely old Spanish missions.

eries, in the beautiful new Fine Arts Center, display some of the world's famed paintings.

Your next Magic Circle trip will be a 16-mile drive west (Arizona 86) to "Old Tucson," here you will know exactly how this outpost looked in the brawling days of 1860. Built as a gigantic set for a movie some years ago, it now is a colorful tourist attraction with its old mission and adjoining graveyard, the jail, stage depot, trading post, saloon, morgue and hotel. Some of the southwest's smartest fashion shows are staged here.

Nature's Secrets

Then continue up Tucson Mountain Park Road to the Sonora-Living Desert Museum. Here, from a darkened tunnel, you can peer through glass and learn the secrets of nature by watching the animals in man-made underground dens and burrows: bats, porcupines, skunks, foxes, rattlesnakes, badgers. They never had it so good when they were "on the outside." Part of the set-up includes where, from a blind, you can observe and photograph the animals from a few feet away.

East of Tucson are equally rewarding Magic Circle trips. Pine covered 7,000-foot Mt. Lemmon with its skiing and tobogganing is but an hour's drive. Then there is Sabino Canyon, where in 15 miles you can be transported from city streets, across the desert and into a secluded spot with a clear mountain stream, little sandbar beaches, cacti, trees and picnic facilities.

After many visits, my favorite is still that wilderness of weird beauty and unreality, Saguro National Monument, only 13 miles out of Tucson. This majestic cactus, with its semaphore-like arms, grows as high as 40 feet and can live 200 years. Its crowning blossom is the state flower of Arizona. The Cactus Loop Drive is a short self-guiding trip through the area's highlights. Several trails have been laid out for photographers, leading to particularly fine specimens. Best time for pictures is late afternoon, when the shadows make these giants stand out in dramatic relief.

Tough Tombstone

From the Monument a well-marked road leads you through interesting ranch country to another phenomenon, Colossal Cave, once the hideout for train robbers. To date, 40 miles of passages have been traveled through this fairyland of colored stone and icicle-like formations.

Your final Magic Circle trip out of Tucson is longer, but a fascinating one for which you should allow ample time to get full enjoyment. On this drive you are headed south on U.S. 80 for Old Mexico. First goal is Tombstone, "The Town Too Tough to Die," known far and wide for its Boot Hill Cemetery and newspaper, "The Tombstone Epitaph."

Many landmarks and relics have been preserved here of its cow-punchers, gun slingers, prospectors, professional gamblers, cattle thieves, stage robbers, dance hall queens and the once-dreaded Apaches. Visit the Bird Cage Theater, the Oriental Bar—famed as the hang-out of U.S. Deputy Marshal Wyatt Earp, Crystal Palace Saloon, Rose Tree Inn and what it claims is the world's largest rose tree.

Spend time at wind-swept Boot Hill—the grave markers vividly bring back the roaring days with such inscriptions as "Legally Hanged," "Murdered," "Killed by Apaches," "Shot by a Chinaman," "Hanged by Mistake."

Old Fort Huachuca

When you bid Tombstone farewell, turn west on Arizona 82 or take the longer way around to pass historic old Fort Huachuca, where the U.S. Army's Electronic Proving Ground is located. Your objective is Nogales, popular port of entry into the Republic of Mexico.

No passport is necessary to visit the sister town of Nogales, Sonora—you can step or drive across the border, and you're an international traveler in a world of picturesque stores, good handicraft products and cantinas. The hand-blown glassware and copperware are handsome, the colorful peasant skirts economical. And don't fail to enjoy dinner at the Cavern which features wild game

and other delicacies. Originally a gold mine tunneled back into a small mountain of solid rock, it later became a jail.

The Magic Circle back to Tucson (U.S. 89) first brings you to Tumacacori Mission National Monument. Deserted following a series of Apache raids, Americans discovered it in 1850 in a state of decay. Inside the adobe wall around the ruin is a little section of the world where time seems to have stopped for more than two centuries. Your last stop will be San Xavier del Bac, one of the oldest and loveliest of the Spanish missions in America. This ancient "White Dove of the Desert" is well preserved and the only one still being used by the Indians.

Richie Lucas, Penn State's triple-threat quarterback, that Liberty Bowl fans may be surprised to learn there are other players on the team.

Alabama, of course, is fully aware of the sturdy line Coach Rip Engle will play Saturday at Philadelphia Stadium. It also has been alerted to the breakaway threat of Roger Kochman — pronounced Coffman—the sophomore halfback who returned a kickoff 100 yards against Syracuse.

But the average football fan regards Penn State as Richie Lucas, period.

Pae Promoted

Lucas is outstanding. He broke Lenny Moore's record for yards gained in a season by a Penn State player. He runs, throws, punts and shines on defense.

For the Alabama game, Engle has promoted Dick Pae, a pint-sized (5-9) halfback, to a starting role.

"He has tremendous desire," said Engle, explaining his move advancing Pae past Jim Kerr. "Pae played better against Pitt. Maybe Kerr will be the better man Saturday, but I'm starting Pae."

JOHNSON RAPS IKE'S GOLFING

FORT WORTH, Tex. (AP) — Sen. Lyndon B. Johnson (D-Tex.) talked like a candidate again Tuesday night and told a banquet in his honor that the nation "must have something better than reaction and red eyes."

The Senate majority leader made only one veiled reference to his position as a potential candidate for the Democratic presi-

sprint champion, is an 18-year-old flash from Pittsburgh. Engle had hoped to hold Kochman out of action for a year and thus preserve his eligibility. But State needed him against West Virginia and Syracuse. He was injured early in the Holy Cross game and missed the Pittsburgh disaster.

He may start at left half instead of Dick Hoak if State gets the ball first.

dential nomination.

He said President Eisenhower in introducing him and Speaker Sam Rayburn (D-Tex.) to Soviet Premier Nikita Khrushchev said: "Both these men are from Texas just as I am."

Then Johnson pointed to the press table and said, "and you fellows say no man from Texas can be elected president."

The senator told the crowd of 2,000 that he intends "to partial pate to the fullest" in what he said next year will be some of the most vital decisions in the nation's history.

"I believe that we must bring America in off the golf course of today's conservatism and keep it out of the smoke-filled rooms of today's liberalism," he said.

EVERYONE OF THESE ACTORS IN A REAL HAM

INDIANAPOLIS (AP) — Television has gone whole hog at a meat processing plant with an eight-hour daily dramatization of "from pig to pork chop, or the story of how that slice of bacon got to your breakfast table."

Producer is George Harrington. Director is Bill Weston and actors are up to 12,000 hogs a day. The drama's audience is in the closed circuit monitoring room above the production line at Hygrade Food Products Corp.'s Kingan Division hog slaughtering plant.

Strategic Hook-up

Four television receivers are connected to cameras located at strategic points along the two-block-long production line. Weston calls signals over a loud-speaker intercom system.

His job, and the primary purpose of the TV production, is to control the flow of hogs along the production line. Control means quality. Quality means less waste, and this puts added revenue into the till.

Camera number one is located where the hogs are directed into conveyor type pens that carry them into immobilization chambers where carbon dioxide gas quickly puts them to sleep.

Another Phase

The second camera records the action when the anesthetized animals are painlessly converted into the first stage leading to the production of pork products.

Movement of the animals to a cold water tank used to slow down the flow, and transfer conveyor which takes them the scalding tank — the area where the closed-circuit television is of greatest value.

Harrington explains that the scalding operation should not be varied by more than one degree in temperature or one-minute in time. Any variation means over-scalded animals and this causes a loss of meat and hides, which are sold for shoe leather.

Dehairing Process

Number four camera focuses on the hogs accumulating at the dehairing machines as they come up an inclined conveyor out of the scalding tank.

Weston says that before the TV system was installed, "We had runners going from station to sta-

The boy had tripped an alarm as he made his way toward the vault.

SEE PASSING TEST IN BOWL

HOUSTON (AP) — Clemson and Texas Christian may specialize in power plays but their Bluebonnet Bowl game attacks Saturday probably will include passes thrown by at least five quarterbacks.

Despite their powerhouse reputations, both teams compiled season records while mixing passes frequently and effectively with their ground attacks.

Texas Christian ranked fourth in passing in the Southwest Conference but scored eight of its 23 touchdowns by taking to the air. The scoring passes were thrown by five backs.

Clemson scored 10 of its 39 touchdowns on passes, with Harvey White and Lowndes Shingler throwing five each.

Clemson's passing attack gained 1,057 yards in 10 games, a mark that produces the only sharp statistically difference between the two Bluebonnet teams on either offense or defense.

On total defense, Clemson gave up 197.1 yards. Texas Christian 195.5 The Horned Frogs held a 5.8-yard edge on rushing defense but Clemson had a 4.2-yard edge on passes.

Santa and the ICE KING

by LUCRECE HUDGINS BEALE

SYNOPSIS: A huge polar bear tried to break into the igloo where Santa, Onik and Keotuk were resting while on their way to talk to the Ice King. When Onik tried to frighten the bear away with his spear, the bear grabbed the spear and pulled Onik out of the igloo.

Chapter Ten BEAR FIGHT

Still holding the end of the spear in his tightly locked jaws, the great polar bear stared in astonishment at what he had fished out of the igloo while Onik, still holding his end of the spear, stared fearfully back.

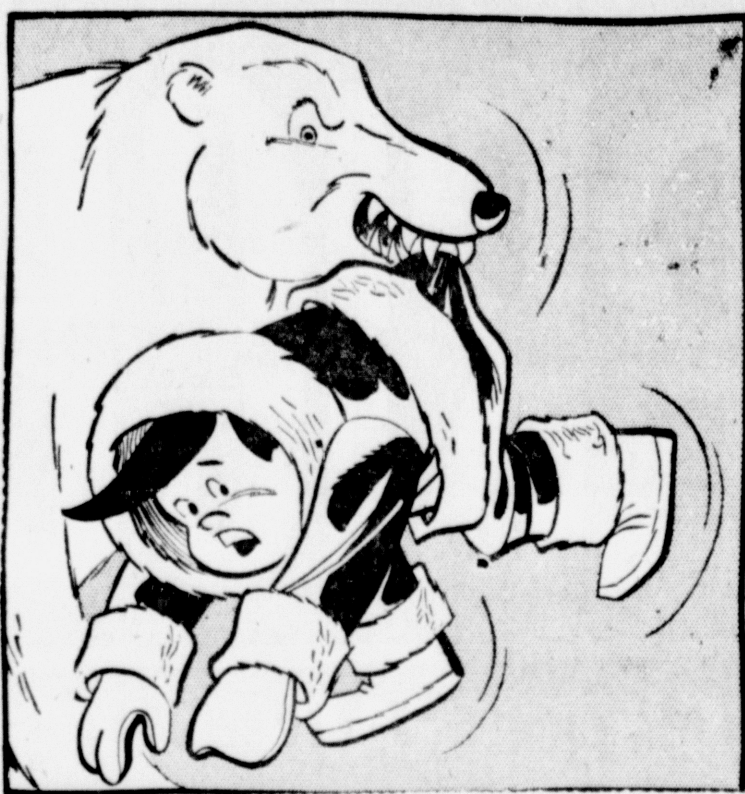

At last Onik gave a little yank to free the spear from the bear's jaw. The bear yanked back. For a time they played a tug of war.

Then the bear tired of it. He reared suddenly back and tore the spear from Onik's hands. Growing fiercely he dropped the spear to the ice and stomped it into a hundred pieces.

Horrified, Onik darted for the igloo. But just as he got his head into the tunnel the bear snatched him up by the seat of his pants and lumbered away across the frozen land.

All this time Santa Claus had been struggling to get out of the igloo. When he saw Onik yanked out of the tunnel, Santa started after him. Unfortunately, so did Keotuk and Keotuk was still tied to the sled.

For a moment, sled, dog and Santa Claus were jammed helplessly in the tunnel. Twisting and turning, Santa at last managed to untie the frantic dog from the sled. With a glad yelp Keotuk burst out of the tunnel and Santa,

The bear lumbered off carrying Onik in its teeth.

puffing and red faced, slithered after him just in time to see Onik being carried away by the seat of his pants.

With Keotuk barking ferociously Santa took after Onik. The polar bear moved faster. Keotuk nipped at his heels. The polar bear began to run. Then Keotuk leaped through the air and fastened his jaws around the bear's left rear leg.

Furious, the bear, carrying Onik in his jaws and Keotuk on his left rear leg, turned and glared at Santa Claus who at that very instant panted up to him. The bear rose on his hind legs and prepared to bring his crushing front paws down on Santa.

But Santa cried out, "Why don't we be friends?" and before the bewildered bear could come forward Santa threw his arms and legs around the great animal's middle.

The bear dropped to his feet and began to run in circles. Santa clung under his middle. Keotuk gripped his heel. Onik drooped from his jaws.

Round and round, faster and faster, ran the polar bear. But still Santa and Keotuk clung to him. It never occurred to him to drop Onik, for he felt that it was best to have his teeth into something if only the seat of his enemy's pants.

In all his life he had never

CHRISTMAS BUREAU AIDS NEEDY FOLKS

By NORMAN GAUHN
AP Newsfeatures Writer

The Santa Claus with the biggest pack on his back this Christmas works from the cold facts in a social worker's case-book.

At first glance it may seem alien to the joy of giving to organize it in platoons of statistics on just who needs what.

But in practice, it brings order out of the mighty seasonal confusion resulting from the burst of generosity that strikes people at yuletide.

known or heard of such creatures as these. He was King of the Polar Lands and before him his father had been king and before that his father's father and never had any polar bear seen an enemy he could not frighten by the merest look.

Now the poor bear's pride was wounded and gradually he moved slower and slower until at last he came to a stop and gently dropped Onik from his jaws.

Santa unloosed his arms and legs and crawled from under the bear. Keotuk unlocked his teeth and ran up to lick his master. Onik said, "Hooryay! Let us slay him and we will have food for days to come!"

But Santa said, "No, son, for he is a king and I expect he too has been starving in this year without summer. Let us be friends with him and he will help us subdue the Ice King."

"How so?" asked Onik. "Simple," replied Santa. "He will take us to the Ice King's domain."

This mammoth Santa is the Christmas Bureau of your local United Fund or Community Chest.

It is set up long before Christmas to act as a confidential agent between people who want to give and people who need help.

Even Teeth Provided

Suppose Joe M. at the county home for old people needs a set of dentures. Someone tells the local Christmas Bureau. A community women's club turns in \$150 as a gift for the needy and Joe gets his false teeth.

A probation officer told a Syracuse, N. Y., bureau about 15-year-old Jimmy, who was buying a second hand bike for his newspaper route. Then it was stolen when he still owed \$20. A couple who annually give through the Christmas Bureau bought Jimmy the present he wanted most—a new bike.

Every year more employee groups give up office Christmas parties and exchanges of inter-office greeting cards. One such office collected \$700 and turned it over to the Christmas Bureau which used the money for gifts, clothing and turkey dinners for eight large families. Individual wants were considered and agency volunteers delivered the gifts so the parents could act as Santa Claus.

Critics Pop Up

There may be critics who complain of a cold heartedness in organized Christmas giving. But there are plenty examples of disorganized generosity.

The Milwaukee Christmas Bureau reported 743 potential gift duplications. Another said that without checking, two families would have had help from four different donors and 11 by three donors — while other needy cases were ignored.

Party Contributions

Six different service clubs may descend on a single children's home with quantities of candy, mittens and toys. Two blocks away a family can live in real

Three Named In Plot To Murder

PHILADELPHIA (AP) — A Philadelphia mother of three sons has been accused of hiring a man for \$5,000 to kill her estranged husband.

Mrs. Harriet Miller, married for 23 years, was arrested Tuesday night and charged with solicitation to commit murder.

John Brooks, 32, is accused of accepting \$2,000 as a down-payment to get rid of Mrs. Miller's husband, Samuel, operator of a meat and food concession in a farmers market.

Also under arrest is Miss Lottie J. Williams, 41, charged with being an intermediary. She and Brooks allegedly conspired to commit murder.

Police Capt. David Brown and Robert Williams of the district attorney's office, said the plan was disclosed to authorities Monday night by a man Brooks allegedly brought into the plot. The informant's identity was withheld.

want, unnoticed at holiday time.

Contributions to parties for needy children may make a merry few hours for all concerned. Contrast that, agency people say, with the lasting good of money to pay for braces for the crippled; picnic baskets, box cameras and folding chairs for a club of elderly persons; playing equipment for the often forgotten youngsters in detention homes.

There is a wide range of ideas for gift giving where it counts. One group of school children turns in pennies to buy a food scale for a 12-year-old diabetic boy; a men's club reconditions TV sets at an orphanage; people give trading stamps to a Christmas Bureau to buy toys and clothing.

Stars and stripes in the American flag were suggested by the coats of arms of the Washington family.

Radio Free Europe Tells Mass Poisoning By Reds

MUNICH, Germany (AP) — Radio Free Europe said that agents of a "foreign Communist power" have attempted a mass poisoning of its employees.

Most of the employees of this privately financed, American station are refugees from Iron Curtain countries.

Erik Hazelhoff, of Mount Kisco, N.Y., Radio Free Europe's European director, said a poison was found Nov. 21 in a number of saltshakers at the station's cafeteria. The cafeteria is frequented by 1,200 employees, who often bring their families.

U.S. Analyzes Substance

The director said the substance was analyzed by U. S. Army medical authorities and was found to be a poisonous drug derived from the deadly nightshade plant.

Hazelhoff said the poisoning attempt was disclosed by a Radio Free Europe employee "who although ostensibly used by a foreign Communist power for sabotage purposes" has been cooperating with American authorities from the time he was first contacted by the Reds.

"He also revealed the identity of the person who planned these acts and ordered them executed, including this latest one, as being a Communist diplomat stationed in Western Europe acting on the instructions of his government," Hazelhoff continued.

Radio Free Europe's employees are mostly East European refugees.

Cafeteria Is Closed

The cafeteria was closed. "The delay in the issuance of

DOCTOR SAYS FACTS OF LIFE ONLY A START

By DOROTHY V. WHIPPLE, M.D.
AP Newsfeatures

What is sex education? Many people seem to think that telling children the "facts of life" is all there is to sex education. They

this announcement has been due to the necessities of the investigation which are proceeding in close cooperation between RFE management and the proper authorities," he said.

Radio Free Europe, which does not broadcast to the Soviet Union, began operating in 1951 under C. D. Jackson, President Eisenhower's former adviser on psychological warfare.

feel that some time before a child matures they must get around to telling him or her where babies come from, what physical changes take place, and above all what can and cannot be done. These talks are often embarrassing for the parents — and for the children, too, and therefore they are put off and off.

While knowing "the facts of life" is important for a child, in many ways this is the least important part of sex education.

What we are really aiming at when we think of sex education is preparing our child to be able to lead a full good life. We want him to grow up and marry and love and be loved. We want to make him the kind of person who is truly capable of loving. Loving in the big broad sense of being a giving person, a person who can truly feel that the happiness of someone else is as important to him as his own happiness.

This is a big order. As we look around at other people's

marriages (maybe even at our own) we see much unhappiness. Men and women who bicker and quarrel, who snipe at each other, who seem to enjoy doing and saying the things that hurt. Some of these marriages simmer down into indifference, some blaze up into hate and some end in the divorce courts.

This we don't want for our children.

In the broad sense, sex and loving go hand in hand. Sex education is education for loving. And it starts in infancy. The way a baby is fondled and loved, the way his needs are met begins him on his pathway of accepting love. As he gets a little older he must meet with frustration and disappointment. He cannot have everything he wants — he cannot sleep in his parents' bed, or he cannot have carrots tonight because there are none in the house, or he cannot go with Daddy to his office — there are so many inevitable no's throughout childhood. Disappointments and frustra-

tions make him angry. The way this anger is handled is part of sex education. If it's allowed to build up and up he may grow into an angry self-centered adult. If it's handled understandingly and honestly it won't get in the way of his ability to love.

Bodily facts and sensations come to the little child. Again if they can be accepted honestly without prudishness, without making the child feel guilty for being a normal human being, he will grow up with a joy in his body which is part of being a normal loving person.

Sex education is part of all childhood. It's a lot more than one embarrassed talk about where babies come from.

There is a new book about this subject. It's the best book for parents I have seen in many a year. It's called "New Ways in Sex Education," written by Dorothy Walter Baruch and published by McGraw Hill.

It describes how parents can help their children grow up into

the kind of adults who will get the most out of life. It's a good book to read while you are pregnant with your first child or any time during the childhood of your children. You might even read it while expecting your first grandchild!

If you can, read this book as you start on your job of parenthood, but even if your children are older, you will find their pages insight into ways of helping your children become the kind of adults the world needs.

Fire Engine Has Hose, No License

NEKOOSA, Wis. (AP)—Faces of city officials were fire engine red.

It was discovered that nobody had bought license plates for the community's new fire truck, in operation for six months.

The city fathers said steps would be taken immediately to rectify the matter.

Expert Favors Use Of Human Machines

CINCINNATI (AP)—Dr. E. L. Saenger, an expert on using atoms in medicine, says automation gadgets in the laboratory are cheaper — and more accurate.

Saenger, who heads a new training plan at the University of Cincinnati in medical use of radiation, says a device that measures radioactivity in a sample and records it can run all night on its own.

This work is mostly routine, he adds, and since some samples take a half hour to measure, there is chance for human error due to plain boredom.

Mysteries Of Antarctica Being Melted Down By Scientists; Tons Of Data

By ALTON BLAKESLEE

Associated Press Science Writer
WASHINGTON (AP) — The ice curtain of mystery surrounding Antarctica is starting to melt.

For the fifth straight year, scores of scientists are poking, prowling, exploring — and shivering — in the vast icebox at the bottom of the world.

They've already turned up some surprises, with more to come.

Lots More Ice

Antarctica's fields of ice are so vast, they find that the earth must contain about 50 per cent more ice than ever suspected before. At one known point, it's nearly three miles deep.

And Antarctica is seemingly warming up, at least at Little America. Average temperature there is about five degrees warmer than 45 years ago.

If all this ice melted, oceans would rise 200 feet or more, drowning great seaports, towns and hamlets around the world.

Cold Weather Factory

It's a huge cold weather factory, influencing weather not only in the Southern Hemisphere, but

probably the Northern Hemisphere as well. Soviet scientists recorded the world's record low temperature at one of their bases — 125.3 degrees below zero.

Scientific sleuthing is unmasking a disguise. For Antarctica is apparently not all one huge continent. Its western half seemingly is a great collection of islands and mountains glued together by a thick sheet of covering ice.

Petrified wood and coal have been found far inland, adding to evidence that Antarctica once basked in tropical or semi-tropical climate, ice-free. Strange dry valleys are being found far inland.

27 Tons Of Data

Most importantly, Antarctica no longer is a great void of ignorance on this planet, says Ross Peavey, deputy executive director of the U. S. National Committee for the International Geophysical year.

The scientific assault on Antarctica began in 1955, when Navy ships and planes and IGY scientists started setting up the initial IGY posts.

When the 18-month IGY ended

last Dec. 31, scientists had gathered 27 tons of data, which still are being analyzed.

Seek More Answers

This year, three American groups are making long treks by tractor-trains and airplane into unknown areas. Soviet scientists also have struck forward on a new and often dangerous trail across half the continent. During IGY, scientists of five nations covered 15,000 miles, discovering mountains and valleys, testing ice depths and ice-covered terrain.

This year's explorations promise to answer the puzzle of whether Antarctica is split by a huge trough running from the Weddell Sea to the Ross Sea. And whether the areas of Western Antarctica in reality are ice-joined islands or an archipelago.

Striking deep inland in Eastern Antarctica, Soviet scientists found evidence that that area truly is a continental land mass — but its full extent is not yet known.

In Marie Byrd Land, Americans found ice 14,000 feet thick, resting on bed rock 8,200 feet below sea level. At the South Pole itself, ice measures 8,297 feet deep, but still above sea level. These were bits of evidence for boosting up estimates of the world's total frozen water, to a present estimate of about 4 1/2 million cubic miles of ice.

But once the tremendous icecap

Ex-Con Gets Christmas With Family As A Gift

KNOXVILLE, Tenn. (AP) — Ernest Selvidge looks forward to day to his first Christmas in two years as a completely free man. He probably will return his family, including the Christmas baby responsible for it all, to the central New Mexico town of Belen, which is Spanish for Bethlehem.

Selvidge's story, which reached a happy ending Tuesday, began in 1957 when Selvidge, then 25, was sentenced to a year in the county workhouse for stealing.

Outside, he left his wife and two small children. Visitors brought him word of the family's struggle to get along.

Escapes From Workhouse

In October 1958, Selvidge decided he could stand it no longer. With 22 days left to serve, he

was even thicker and more extensive. Mountain tops which now thrust thousands of feet above the ice show signs of having been scoured by glaciers.

Primitive plant life is being analyzed for clues to the past retreats and advances of glaciers and icecap. Ingenious analyses show some antarctic rocks have been kept cold for 100,000 years.

broke out of the workhouse, bundled his wife and youngsters into a car and headed west. Settling in Belen, Selvidge went to work as a railroad brakeman and took a job as a part-time policeman.

With Mrs. Selvidge expecting another child, the family returned to Knoxville recently to await the birth. A few days ago, a son was born.

Selvidge, a regular churchgoer since his escape, began to feel what he called "a bitter tinge of conscience" each time he looked at his new son and thought of the 22 days he owed to society.

He surrendered and was returned to the workhouse, where he told Supt. Ashley Broome, "I want to clear up my record."

Broome decided the workhouse was not the best place for a new, and honest, father to spend Christmas. He arranged for Selvidge to pay \$26 in court costs and win dismissal of the original charge and an escape charge.

A team in the Bowlerette League in Norfolk, Neb., is comprised of Mrs. Kate Brooks, her four daughters, and a daughter-in-law.

UNUSUAL FIND REVERSES IDEA ON POTTERY

By EDWARD KITCH

CHICAGO (AP) — Two tiny pieces of ancient pottery, the weird looking dolls made by present-day Indians for sale to tourists in the Southwest:

These are the main ingredients in a new and important discovery by Dr. Paul S. Martin, anthropologist with the Chicago Natural History Museum.

Martin found the pieces of pottery in old Indian caves on the Little Colorado River near Springerville, Ariz. They bear likenesses of the kachina dolls sold to tourists today.

Opinions Reversed

Scientists had thought the kachina cult had originated with the Spanish explorers who entered the Southwest in 1540. The pottery, however, dates back to 1250 A.D., proving the cult was developed by the Indians.

The kachinas, considered supernatural beings, could be impersonated by a man wearing a mask. This person assumed the attributes of the kachina, Martin

says, and was revered by the Indians who felt the gods would be kind to them if they did so.

Finding of the pottery is evidence that the cultural history of the Zuni and Hopi Indians remains unbroken today despite modern civilization, Martin says.

Date To 8000 B.C.

The ruins in which the pottery pieces were found date back to 8,000 years B.C., and Martin believes the original tribes of the Zuni and Hopi may go back to that period.

The find, Martin says, indicates the Indians' culture, "was on the road to advancement and might have developed into as important a culture as the Egyptians or that in Peru in South America or the Chinese if it had not been for the Spanish explorers who forced them to give it up."

The culture had its specialized crafts: farmer, priest, artisan, and gold and silver workers, Martin says.
